## Oatlands Primary School OSHC

Hello Families, and welcome to another newsletter for Your OSHC.

This fortnight we have continued with our little garden, and have a marvellous yield of water cress. Families are invited to take some home. Please contact one of our staff for your cutting.

Next week, we are acquiring some raised garden beds, and will be seeding with Tomato, and other plants and vegetables.

Some of the children had fun creating a farm scene using the wood blocks to build stables, a barn and pens for the animals. They did a really good job with the construction!

### Lost Property

We have a collection of beanies that have been left behind, so if your child is missing theirs, please check the lost property crate.

Hope everybody has a wonderful fortnight,

Saskia and Team – Your OSHC
