

*Kia ora koutou!*

*My name is Paula Al Amudi. I come from Raglan, New Zealand, but have lived the last 13 years in Indonesia.*

*In Indonesia I taught at an English Language School for a year or two followed by a couple of International primary schools. The first, NZIS, a private New Zealand curriculum school in Jakarta, and then at SMS, a private Cambridge and IPC curriculum school in Semarang.*

*I have a fascination for plants, insects and snakes. This matches well with my enjoyment of tramping, and I did a fair bit of this while living in the tropics.*

*I love teaching and am very hands on. Art and baking are always a part of my classroom activities. I am looking forward to getting to know you all.*

*Ka kite koutou*
