DENTAL SERVICES AT LINK HEALTH AND COMMUNITY, CLAYTON

Link Health and Community offers dental care to all primary school children (from grades Prep-6). Our clinic is easily accessible with free on-site car parking and we are a short walking distance from Clayton train station. We are located at Level 1, 9-15 Cooke St, Clayton 3168.

What dental care is offered for my child at Link Health and Community?

Dental care can include:

- Regular dental check-ups
- Dental treatments such as cleans, fissure sealants, fillings, stainless steel crowns, etc
- Emergency dental treatment for pain, dental trauma, etc

How much does dental care cost at Link Health and Community?

Link Health and Community offers FREE dental care to:

- Children who are dependants or holders of valid concession cards (eg. Health care card or pensioner concession cards); and/or
- Children who are eligible for the Medicare Child Dental Benefit Scheme (CDBS).

With CDBS, up to $1095 worth of dental care can be bulk-billed to Medicare. If your child's dental care exceeds the CDBS limit, then Link Health and Community will continue to complete any remaining dental care for FREE. Our team can check if your child is eligible for CDBS by calling Medicare on your behalf.

What happens if my child is not eligible for FREE dental care?

If your child is not eligible for free dental care as noted above, they can still be seen at our dental clinic for a flat fee of $37.00. Fees per family will not exceed $148.00. This fee is heavily subsidised by the Victorian State Government to support families to access dental care.

How do I make a dental appointment for my child?

Please call our dental clinic on 1300 552 509 to arrange an appointment. Your child will be offered the next available dental appointment with our dental and/or oral health therapists who are highly trained and skilled in treating children. Free on-call interpreters are also available upon request.
