## Ace Your SACE! Year 12 Tuition Program

adelaide.edu.au

seek LIGHT

Professional and Continuing Education (PCE) offers SACE Stage 2 subject preparation and revision courses, as well as study assist courses.

Achieve your full potential with our courses designed to help you gain confidence and achieve your best in year 12.

**Expert Teachers** - courses are conducted by experienced SACE Stage 2 teachers who are specialists in their areas.

**Class Size** - no large group lectures and classes are limited in size allowing teachers to attend to individual learning needs.

**Central Location** - all courses are held in a central city location.

**Course Materials** - the course fee is inclusive of course materials and covers key aspects of the curriculum including examples and activities for you to work through.

### Bridging the Gap Between School & University

Our program will equip you with the skills and knowledge to achieve better academic results, opening up more options for future study, whilst giving you a taste of University life.

### Courses

- > Biology
- > Chemistry
- > Mathematical Methods
- > Physics
- > Specialist Mathematics
- > Excelling in Year 12
- > Study Skills
- > Exam Preparation and Techniques

### Discounts

- Multiple Enrolments - enrol in two or more subject courses and receive a 10% discount
- Buddy Discount - enrol with a friend and receive a 5% discount
- Centrelink Card Holders - 5% discount
- University of Adelaide Staff - 5% discount

For more information on fees, payment options and how to enrol, please visit our website.

## SOME ADELAIDE ELECTRONICS COMPANIES

**APC TECHNOLOGY PTY LTD** Design and build rugged computer systems for harsh environments in industry, mining, security & defence applications.

**APPLIDYNE AUSTRALIA PTY LTD** Multi-disciplinary research, design and development consultants with expertise in mechanical engineering & electronics.

**ATRAD PTY LTD** Specialises in the design, development and manufacture of ground-based radar systems for airports and weather research.

**CODAN LTD** Designs and builds radio communication systems. Staff of over 300 includes engineers, scientists, paraprofessionals and trade qualified.

**DON ALAN PTY LTD** Electronic design engineers and manufacturers with engineers and technicians experienced in collaborative design & development.

**HENDON SEMICONDUCTORS PTY LTD** Develops unique integrated circuits (ICs), printed circuit assemblies for automotive, appliances, medical and defence.

**MAPTEK PTY LTD** Specialising in innovative software, hardware and services for the mining industry with unique, highly accurate 3D laser scanning hardware.

**MEASUREMENT ENGINEERING AUSTRALIA PTY LTD** Design and manufacture weather measurement, microclimate, air and water temperature systems.

**NOVACOM PTY LTD** A professional engineering consultancy specialising in electronics & industrial IT design solutions in industrial, automotive, defence.

**RADLOGIC PTY LTD** Integrated circuit design services. High quality CMOS mixed-signal, IP development and support services for local and global customers.

**REDARC ELECTRONICS PTY LTD** Designs, develops and manufactures automotive voltage converters and inverters, power supplies and safety systems.

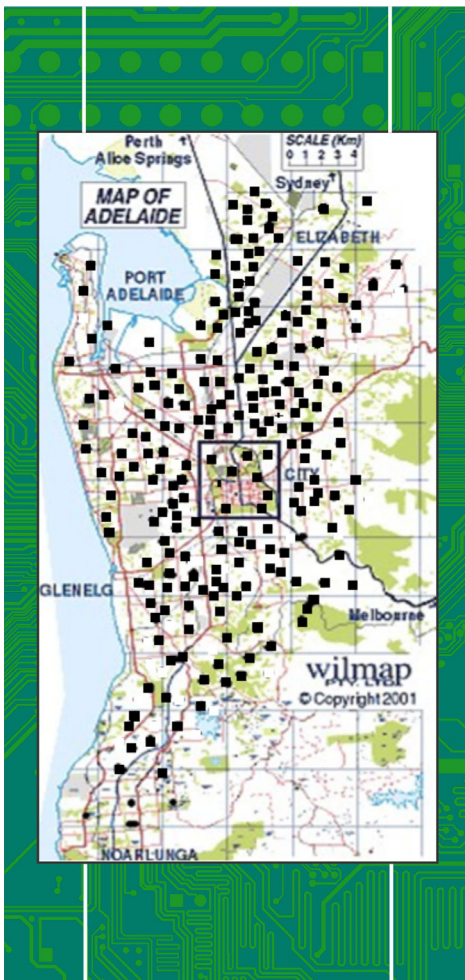

The Adelaide Electronics industry is comprised of mostly small to medium sized companies which means they are very diverse in their products with a wide range of career opportunities. Further development of skills is encouraged to ensure adequate understanding of customers' needs. Most employers will provide support for this. Qualifications are portable so overseas experience can be gained. Opportunities to start your own business are available and a number of Adelaide companies have started this way.

**STEM:** This stands for Science, Technology, Engineering and Mathematics. To work in the Electronics industry it is important to have a good grounding in these areas. So, when you are choosing subjects make sure you include mathematics and physics at least. Check with your School Counsellor for the best combination for the tertiary course you wish to study.

**Electronics Industry Development Adelaide (EIDA) promotes the development of the Electronics Industry in Adelaide as an essential core industry for the broader Advanced Technology industries in South Australia**

425 Gilles Street Adelaide, SA 5000  
 A B N : 8 6 7 4 9 1 4 1 2 1 8  
 Email: [contact@eida.asn.au](mailto:contact@eida.asn.au)  
 Phone: +61 8 82325880

## THIS IS ADELAIDE'S TECHNOLOGY CITY

Each dot represents an electronics company, around 300 altogether.

This industry employs 11,000 people, mostly with medium to high level tertiary qualifications, who design and manufacture sophisticated equipment ranging from environmental management to diagnostic and therapeutic medical applications.

Most of the Intellectual Property is developed and owned by these companies. Intellectual property refers to the intelligence which is built into the equipment which enables it to perform tasks which give it an advantage over competitive products. This is in the form of software which is often written by electronics people. Because of its enabling and enhancing capability, electronics needs people who are not only trained in electronics but are able to understand its applications.

Courses range from apprenticeships to postgraduate University qualifications and are available on a full-time or part-time basis from TAFE and the Universities. Many can be done whilst working, often with some time release by employers. The South Australia electronics industry employs mostly Certificate 3 and upwards with the TAFE Advanced Diploma being a good starting point as it can be built on with further study.

## THE ELECTRONICS INDUSTRY IN ADELAIDE

**BIOMEDICAL ENGINEERING:** Larger hospitals have their own Biomedical Engineering departments which design and maintain diagnostic, life support and therapeutic equipment.

**WEATHER RADAR:** Aircraft are very dependent on radar for their safety via air traffic control and weather monitoring and wind-shear events.

**COMMUNICATIONS:** This can require specialised equipment with long range and reliability. Often there is a need to transmit data from remote locations so that processes can be monitored.

**CUSTOM DESIGN AND MANUFACTURE:** If a client needs a special device to do a specific job. Often the actual job will not be electronic but only electronics can provide the capability.

**AGRICULTURE:** Electronic equipment which measures moisture content will ensure that crops are dry enough to store and avoid the danger of spontaneous combustion. (eg Hay)

**RUGGED COMPUTER SYSTEMS:** Designed for harsh environments in industry, mining and defence.

**MULTI-DISCIPLINARY RESEARCH AND DESIGN:** In mechanical engineering and electronic systems.

**DEVELOPMENT OF UNIQUE INTEGRATED CIRCUITS (ICs):** Printed circuit assemblies for automotive, appliances, medical, industrial and defence.

**INNOVATIVE SOLUTIONS TO THE GLOBAL MINING INDUSTRY:** Accurate 3D laser scanning hardware and modelling and analysis software.

Est. 1992

International College of Hotel Management  
ADELAIDE - AUSTRALIA

Closing Date:  
Friday October 12th 2018

*Your Passport To A Larger World*

## Scholarship Value

The International College of Hotel Management is pleased to offer 4 major Australian Scholarships, for 2019 entry into the Bachelor of Business (Hospitality Management).

The value of each scholarship is A\$22,500 to be paid in the following manner:-

Year 1 A\$7,500

Year 2 A\$7,500

Year 3 A\$7,500

As well as the major scholarships, over the last 20 years ICHM has also awarded additional bursaries to deserving applicants.

## Eligibility Requirements

- Citizens of Australia, both resident and non-resident. International students attending schools in Australia who complete a minimum of the last two years of their high school studies in Australia. Students attending Australian International Schools in Hong Kong, Singapore, Vietnam, Manila and Malaysia are also eligible to apply.
- Will complete in 2018 or have recently completed Year 12 or equivalent international schooling.
- Maximum age 22 at time of application.
- Open only to new students seeking entry into Year 1.
- For students whose mother tongue is other than English, refer to the ICHM website for IELTS or TOEFL requirements.

## Step 1: How to apply

Your completed application must contain:

### ■ Scholarship application form.

This form is in two parts.

- Cover page found here, please provide your personal contact details.
- Your response to the 4 short answer questions. Note that there are no right or wrong answers. We simply want to find out more about you and your career aspirations.

### ■ Brief Resume (not more than two pages in length).

### ■ A Reference Letter (from either a school teacher, career/university counsellor or employer).

### ■ Copies of your school reports for Year 11 and 12 (to date).

### ■ ICHM application form (unless an application to attend ICHM has already been forwarded).

The Application form can be found in the ICHM Prospectus, or on the ICHM website. Make sure you make copies of your school reports and Reference Letter for both the ICHM Application Form, and also for Scholarship Application.

**Note: Do not staple or bind applications. Do not send original transcripts as they will not be returned.**

## Step 2: Send your completed application to

Email: [admissions@ichm.edu.au](mailto:admissions@ichm.edu.au)

or

ICHM Admissions and Administration Office  
K Block, 137 Days Road  
Regency Park, SA 5010  
AUSTRALIA

Applications close on Friday October 12th 2018

Applications received after the closing date will not be considered for these scholarships.

## Step 3: Selection Process

Ten (10) Australian finalists will be invited to an interview in Adelaide, and an economy airfare will be provided to a maximum cost of A\$500 per applicant. Balance to be paid by applicant, or applicants can choose to be interviewed by video conference link.

### Assessment Criteria

#### For short listing of applicants

School Report	25%
CV and references	25%
Short Answer Questions	50%

#### For finalists

Panel Interview	70%
Short listing criteria	30%

Finalists for interviews will be advised by early in November 2018. Where possible, interviews will be conducted during late November/early December 2018 and winners advised immediately thereafter.

Winners will be selected by a panel considering the assessment criteria above and the "person/s most likely to excel at Hotel Management".

## Conditions of Entry

These scholarships or bursaries can be applied to the ICHM tuition fees, uniforms or, on-campus accommodation fees (subject to availability).

Students who meet the scholarship eligibility criteria and ICHM entry requirements can apply for a scholarship. Students who have already applied and been accepted by ICHM for these intakes may also apply by completing the Scholarship Application form.

ICHM has two intakes in 2019. ICHM reserves the right to request winners to commence in the second 2019 intake, unless the applicant has been accepted into the first 2019 intake by scholarship closing date.

It is a condition of these scholarships that recipients commence in either the first or second intakes of 2019. Should a recipient wish to defer to a later entry than 2019, they will forfeit the scholarship or bursary amount.

Once a scholarship recipient has commenced their studies at ICHM, unless they have applied to ICHM in writing and been granted a scholarship deferment, any deferral or withdrawal will result in a forfeiture of the remaining scholarship or bursary amount. Even if they return to ICHM at a later date, they have forfeited their scholarship.

ICHM reserves the right to reduce the value of scholarships if there are less than ten applicants in Australia.

ICHM has been approved by the Australian Government as a FEE-HELP provider. This allows students to borrow money from the Government to fund their studies at ICHM; it is only available to Australian citizens. For more information please follow the links on the ICHM website.

The Selection Panel may decide to increase the number of scholarship winners by reducing the scholarship amount.

Payment of the scholarship amount on behalf of the student for Years 2 and 3 of the course will be dependent upon satisfactory academic results and industry placement performance as determined by the ICHM Academic Board.

The awarding of the Scholarship payment each year depends on the student paying the balance of the fees as outlined in the prospectus and by the due date in their invoice. Students failing to pay the balance of fees by the invoice due date will forfeit their right to their scholarship or bursary amount.

The Scholarships are open to new Year 1 students only. Students currently studying at ICHM are ineligible.

Scholarship students failing to comply with the ICHM rules and regulations in relation to personal and ethical behaviour will forfeit their entitlement to the scholarship.

**2019 ICHM ENTRY SCHOLARSHIP  
SHORT ANSWER QUESTIONS**

**INSTRUCTIONS:**

- Please type your answers to the following four questions.
- Please ensure your name appears at the top of each page.
- Maximum 250 words per question.
- There are no “right” or “wrong” answers; we simply want to find out more about you and your career aspirations.

**QUESTIONS**

1. ICHM is one of the world’s most prestigious hotel schools, offering a challenging course that leads to many rewarding outcomes. Why have you applied to ICHM and what do you think it will take to succeed?
2. International hotels and resorts require a variety of exceptional managers. In what area do you think you would like to start your career and why?
3. If you could design your “dream hotel” anywhere in the world, where would it be and what would it be like?
4. Many hotels now ask guests to reuse towels and linen; what are some of the other ways that a hotel could reduce its environmental footprint?

**FOR EXPERIENCE.  
FOR EXCELLENCE.  
FOR YOU.**

QATS ARE AN INITIATIVE OF CURRICULUM AUSTRALIA

[www.qats.com.au](http://www.qats.com.au)

### Examinations (External Assessment)

- Examinations follow all SACE requirements and contain instructions, marking guidelines and sample answers.
- Examinations are distributed by email. Permission is given for copying in the purchasing school only. They are not to be used for private tutoring.
- Where External Assessment requires an examination, QATs resources are for practice only.
- Examinations are written and reviewed by an experienced team of teachers.

### Subjects Available

- Biology
- Chemistry
- Physics
- Physical Education
- Essential Mathematics
- General Mathematics
- Mathematical Methods
- Specialist Mathematics

### Principal writers

- Anna Bassani
- Nigel Wilson
- Craig Johncock
- Corey Barratt
- Mike McCann
- Maria Caruso
- Lisa Roe
- Mel Brister

Disclaimer: Every effort has been made to prepare tasks in accordance with SACE documents. No guarantee or warranty is made or implied that the tasks mirror in every aspect the actual assessment requirements in any or all courses to be examined. These tasks do not constitute 'advice', nor can they be construed as authoritative interpretations of SACE intentions. No liability for any reliance, use or purpose related to the tasks is taken. Advice on assessment issues is only to be obtained from SACE. QATs do not accept any responsibility for accuracy of results once modified.
