

Mathematics Workshop for Term 2 - 2019

Workshop Title	Day, Time & Venue	Target Group	Teacher In-Charge	Description
Exam revision/ note making skills	Tuesday 3.30pm - 4.30pm Week 2.1-Week 2.10 Room: P3	Year 7 (By teacher invitation)	VUTO TEDI WACH LIMM (2 teachers each week)	Workshop to help students master revision and note making skills. Positive reinforcement of the topics discussed in class to improve the academic performance of the students.
Problem Solving (Preparation classes for APSMO- Australian Problem Solving Mathematical Olympiad)	Tuesday 3.30pm - 4.30pm Week 2.3-Week 2.10 Room: P6	Year 7 Year 8 (By teacher invitation only)	OGRC NUSL	The Australian Problem Solving Mathematical Olympiad has been organized since 1987. Over 40,000 students from both national and international schools participate. The aim is to develop important mathematical problem solving skills in an enjoyable environment. Students practice and enter competitions through mid Term 1, 2 and 3.
Advanced Algebra	Wednesdays 7.45am - 8.40am Week 2.1-Week 2.10 Room: P2 Not in Week 2.5 and 2.6	Year 11 Year 12 MAM	MIRC	This workshop is open to all Year 11/Year12 students doing Mathematics Methods. Active teaching and learning takes place. Mathematics is a sequential subject, and any gaps in the learning areas have to be addressed immediately for students to reach their full potential.
Fundamental skills in Mathematics (Number and Algebra/Measurement and Geometry/ Statistics and Probability)	Wednesdays 7.40am - 8.35am Week 2.3-Week 2.10 Room: P1	Year 8 / Year 9 Year 10	TEOS	This workshop is open to students from Year 8 to Year 10 who have gaps in any of these strands and have the willingness to improve. Please come prepared with writing materials and questions/problems in Mathematics where explanation is required.
