

### Activity 1

Draw your own copy of the picture. Use texta to try and match the patterns and colours.

Label all the natural objects you can see in the picture.

### Activity 2

Describe each object that you have labelled in activity one using one or two adjectives for each item.

### Activity 3

Albert was member of the Arrernte people and grew up speaking the Aranda language. Learn the numbers from one to ten in Aranda Language. Are there any other words you can learn.

### Activity 4

Namatjira loved painting the central Australian trees and bush.

Draw a picture of your favourite tree.

## TAKE ONE PICTURE

Albert Namatjira

Hermannsburg Mission, about  
1940

### Activity 5

Lots of Namatjira's pictures are of the natural outdoors. The place he loved to be in. Create a collage using materials from the natural world, illustrating a natural outdoor scene.

### Activity 6

This picture was painted in about 1940. How many years ago was that?  
Clue - use your number bonds and count in 10's  
How many other Maths problems can you make using the picture and your research about Albert Namatjira?

### Activity 7

Albert would play in the outdoors. Think about the games you play in the outdoors. Go outside and play some games in the natural environments of the school.

### Activity 8

Albert Namatjira loved being outdoors and connected to country.

Create a picture of you in a space that you feel connected to.

What will you all be doing?

### Activity 9

Using water colour choose a natural object to draw and paint e.g. a tree, bush, hill, clouds. Outline you object with black fine liner. Create a class mural with everyones object.

### Activity 10

Create a final piece of students art work using any media of choice, inspired by Albert Namatjira's Hermannsburg Mission.
