

eSafe Behaviours Student Agreement

I, _____ of _____, understand and will follow the guidelines outlined below. I understand that access to digital systems and devices is part of my learning. Inappropriate use of these goes against the school's code of conduct, which I have agreed to uphold, and consequences may apply.

Be polite

I will always send messages that are polite and respectful.

Be responsible

I will use appropriate, respectful language when I am online.

Be careful about sharing personal information

I will not share any personal information such as my full name, home address or phone number. I will let my teacher know if someone is asking me for personal information.

Be critical when using the internet

Some of the information I access through the internet may not be accurate. I will develop a critical eye so I can check if information is real or not. I will report what I think might be a scam to a teacher.

Be protective of your work and protect the work of others

I will respect other people's ownership of their work and I will not copy it without permission. I will make it clear where I found my information and if I used artificial intelligence.

Be aware

I will follow the terms and conditions of apps and software that I use within the classroom.

Be safe and secure

I will not access the files of other students or staff. I will not share my password with anyone and I will not use anyone else's password. I will protect my privacy by using strong passphrases.
