

**Call for student artwork submissions for inclusion in the program and on the stage screen between musical items.**

In 2024, the North-Eastern Victoria Region will host a concert at Hamer Hall on Wednesday May 29 at 7pm to celebrate music making in government schools across the NEVR. We would like to highlight quality student artworks from the region in the program and on the stage screen for this concert and are now calling for submissions of Artworks.

**Submissions should be made by schools via the Art Coordinator on the expression of interest form below by Friday March 8. Submissions of Artworks should be those of students who are currently attending the school. Submissions of 2023 Year 12 VCE Artworks are fine if relevant permissions have been obtained from those former students.**

The NEVR Music Coordinators will notify schools in Term 2 of successful applicants and their artworks will be featured in the program pages and/or on the stage screen between musical items.
