

Horsemanship Lessons

with Christine Corbidge 4 Senior Parelli Instructor*

Learn how to safely prepare horses on the ground for handling/float-ing/hoof care/vet care/riding and how to ride for recreation or compe-tition using ‘natural riding dynamics’. We specialise in confidence building of both horse and rider, by teaching horse psychology and understanding of horse behaviour from the ground to the saddle. Ad-vanced lessons continue on to ‘Liberty’ training and ‘Finesse in rid-ing’ after basic training on the ground and in the saddle.
