

Dear Parent or Caregiver,

If your child will be studying French or Japanese subjects they will be using Education Perfect (EP), as an essential and comprehensive digital teaching and learning platform for the school year. Education Perfect is an interactive resource which maximises student learning in the classroom, for homework, and exam preparation and revision. EP has been comprehensively assessed and chosen by the teachers and school leadership as a core teaching and learning resource.

In 2025 John Monash Science School are covering the costs of these subscriptions and these will be set up in class.

Students at **John Monash Science School** will have access to the following curriculum aligned subjects:

Years 10-12: French and Japanese What is Education Perfect (EP)?

Education Perfect is a comprehensive digital teaching and learning platform used by over 1.2m students and 3,000 + schools worldwide. EP has been successfully used by many leading schools with notable impacts on student motivation and grades.

- **EP Languages** enables students to develop all four skills of language learning – reading, writing, listening, and speaking. All recordings and videos use native speaker pronunciation, and the content is differentiated into Beginner, Intermediate and Advanced levels.

Your child's school will use EP as a core teaching and learning tool to further enhance classroom content. Their teachers will use EP to:

- Prescribe holiday homework
- Set pre-class and post-class consolidation tasks
- Provide differentiated instruction
- Set assessment preparation and exam revision
- Conduct assessments
- Encourage student self-study
- Provide feedback to students
- Engage students via competitions

What does Education Perfect cost?

The cost of Education Perfect for 2025 is covered by JMSS.
