

Dates to Diarise in Term 3

- **University / TAFE Virtual Open Days 2021** – throughout August
- **Year 12 VTAC timely applications** – throughout August and September
- **VTAC SEAS and Scholarship applications** – throughout August and September

VTAC Year 12 Guides 2022

The [VTAC Year 12 Guide online link](#) and the downloadable [VTAC Guide - Researching Tertiary Education](#) publication are designed to provide students with useful information regarding *course research and the application processes* for entry to tertiary study in Victoria in 2022. Year 12 students are encouraged to browse both links and begin to familiarise themselves with what lies ahead over the next months.

Melbourne Principal's Scholarship

Offered to Victorian Year 12 Australian students, this \$5,000 scholarship is being offered and will be awarded to students in recognition of their academic achievement and contribution to their school or wider community. Eligible students nominated by their school principal as a student with an excellent academic record and a strong record of contribution to the school or wider community will be automatically considered for this award.

Find out more at [Melbourne Principal's Scholarship](#)

UAC Schools Recommendation Scheme (SRS)

Students considering applying for a course at an **interstate university** or campus might like to consider also applying for the **Schools Recommendation Scheme (SRS)**. The **Schools Recommendation Schemes (SRS)** enables schools to recommend current Year 12 students – who are also UAC applicants – for early offers of undergraduate admission.

The aim of SRS is to help more Year 12 students gain access to higher education, especially those students who might otherwise not be offered a place.

SRS applications close at midnight on 19 September 2021.

Students can find out more by visiting [UAC - Schools Recommendation Scheme \(SRS\)](#).

Interesting Courses at Bond University

At Bond, you will not become just another student in the background. You are always visible. Your lecturers will know you, your tutors will invest time in you, so your learning will get the attention it deserves. It's what sets us apart. An individual approach to learning that makes us different from the rest. And it's why we produce graduates who get noticed above others. Bond University offers an interesting and diverse range of undergraduate degrees, including:

- **Bachelor of Project Management** – this degree introduces students to how to manage project scope, schedules, budgets, resources, risks, procurement, communications, and stakeholders, culminating in a capstone subject on project integration management.
- **Bachelor of Policy, Philosophy and Economics** – this degree is designed for those who want to make a meaningful contribution to society. It draws on legal policy, government, philosophy, and economics themes to prepare graduates for a career in public governance, public leadership, and ultimately public influence.
- **Bachelor of Business Data Analytics** – in this course students first learn the technical skills, including R and Python languages most commonly used in data analytics programming and implementation; then focus on the practical application, based on actual business problems in a range of industry sectors such as health, marketing and finance.
- **Bachelor of Actuarial Science** – this degree develops students' skills in all aspects of the quantitative assessment of business including financial risk evaluation and management as well as economic modelling and prediction.
- **Bachelor of Digital Transformation** – this degree prepares graduates for professional and trans-disciplinary roles in the modern ever-changing work environment with the inclusion of an immersive industry-based learning program. Students also explore global sustainable development goals through the completion of a collaborative and creative design solutions option.

J.P. Morgan Sydney Traineeship Program

Not sure what to do after high-school? Want to fast track your career and gain real world work experience within an international bank? Join our J.P. Morgan's Traineeship Program in Sydney and experience the excitement of working in the fast-paced financial services industry.

J.P. Morgan is offering the ***Sydney Traineeship Program*** to Year 12 students in 2021. This is an excellent opportunity for keen students to pursue a career in the financial sector without the need of a university degree. The traineeship program is a 2 year full-time program, where students are placed in the Securities Services division of the company, covering

custody, fund services, and market operations. Participants are paid, and the training is also paid for by the company.

The benefits of this Training Program:

- Graduate with a Certificate IV in Business while gaining hands-on work experience
- Develop essential knowledge and skills through comprehensive and ongoing training
- Work with key digital tools to promote efficiency in an ever-changing industry
- Gain real work experience and exposure to top professionals within the bank. By developing essential knowledge, skills and industry connections, participants take a powerful step towards a future career in finance
- Build industry connections through exposure to top professionals across different business within the bank
- Engage with mentors and buddies across the business who will help set participants up for success
- Experience working in a company that is dedicated to diversity and inclusion of all people
- See why J.P. Morgan was recently ranked the top international bank in Australia among Business and IT Majors (*Universum, 2020*)
- Join a company that supports and respects its employees, and genuinely cares about the world

The eligibility criteria are:

- Be graduating from high school in 2021
- Team player with self-motivation, good communication and interpersonal skills
- Eagerness to resolve challenges and ability to multi-task in fast-moving environment
- Must be Australian citizen or Permanent Resident
- Cannot possess a degree, certificate IV qualification or higher at the time the program commences

Key dates:

Application Period: August – December 2021
Applications have opened, and close on 31 December 2021

Program Period: March 2022 – March 2024

More information can be found at [J.P. Morgan Sydney Traineeship Program](#). To apply, click [here](#).

Getting the most out of an Open Day

Most institutional Open Days are held in late July and August (see over the page for Open Day dates). However, you are more than welcome to contact an institution to arrange a visit any time.

What happens on an Open Day?

On Open Day you can visit an institution when it's at its best. Everyone is there – academics, lecturers, current students and information officers. More importantly, you can talk with academics, lecturers and current students about what certain courses are actually like, and what is required to get into them.

Who should attend an Open Day?

Anyone who is considering studying at a tertiary level in the next few years should attend.

Why should you attend an Open Day?

Apart from the opportunity to obtain course information there are many other reasons why attending an Open Day is a good idea:

- You are going to feel more comfortable arriving at a university or TAFE institute on the first day of classes if you have been there before.
- What is really involved in the course or courses you are interested in?
- If you have to move away from home, where are you going to live?
- Will you be happier studying in a large metropolitan institution or a smaller, perhaps rural institution?
- What does the place 'feel' like? Is it a bustling environment with lots of activity or a quieter, more relaxed campus set in landscaped grounds?
- How are you going to get there? Is it close to public transport or should you start saving now for a car?

If you don't know the answers to any of these questions, then you should attend an Open Day!

How to make the best of Open Days

To make your Open Day visits fun and informative, here are some pointers:

- Write down a list of questions you would like to ask about particular courses
- Be there early. Crowds tend to develop as the day progresses
- On arrival, get a map from a central point and ask for directions to the relevant faculties or schools
- Ask questions!
- Don't spend the day collecting printed information only. Use the opportunity to speak directly with academics before applications close
- Introduce yourself to selection officers if you feel it is appropriate, but don't be pushy
- Check out the residential colleges, if available. After all, it is you that will be living there.
- Walk around the campus. Have a good look! See what sporting facilities and other services are available.
- Enjoy the visit!

Not everyone can attend every Open Day and various Institutions hold their Open Days on the same date! If you cannot attend an Open Day and you are interested in a particular institution, you may visit at other times. If you wish to speak to a particular person, it is essential to make an appointment first.

Getting the most out of a Virtual Open Day

Some institutions may hold a Virtual Open Day will be held in late July and August (see over the page for Open Day dates). However, you are more than welcome to contact an institution at any time for advice on courses.

Who should participate in a Virtual Open Day?

Anyone who is considering studying at a tertiary level in the next few years should attend.

Why should you attend an Open Day?

Apart from the opportunity to obtain course information there are many other reasons for participating:

- You are going to feel more comfortable arriving at a university or TAFE institute on the first day of classes if you have done your research and found out more about the institution.
- What is really involved in the course or courses you are interested in?
- If you have to move away from home, where are you going to live?
- Will you be happier studying in a large metropolitan institution or a smaller, perhaps rural institution?
- What does the place 'feel' like? Watch Virtual Tours and try gaining an insight into whether or not it is a bustling environment with lots of activity, or a quieter, more relaxed campus set in landscaped grounds?
- How are you going to get there? Is it close to public transport or should you start saving now for a car?

If you don't know the answers to any of these questions, then you should participate in a Virtual Open Day

How to make the best of Virtual Open Days

To make your Virtual Open Day activity fun and informative, here are some pointers:

- Write down a list of questions you would like to ask about particular courses – if they are not addressed during the virtual event, you can always follow up with the institutions later
- If the event allows Q & A, make sure you ask lots of questions!
- Enjoy the activity!

Not everyone can participate in every Virtual Open Day and various institutions are also holding their Virtual Open Days on the same date, so students are encouraged to register for as many as possible so that even if you miss one, you should receive notifications from the institutions.
