

Kelly Club Aitken Newsletter Term 4, Week 8 & 9, 2021

With the term ending, Kelly Club will be saying farewell to the Year 6 children who will be entering high school. We wish all the children luck with their next chapter in schooling. We are also very excited to be welcoming new families over the school holiday period and starting next year.

Over the past fortnight at Kelly Club our themes have been “Bugs” and “Summer”. The children have been involved in many activities such as, drawing competitions, catching bugs, learning about a caterpillar’s life cycle, being SunSmart and much more. For the remaining days of term, we will be learning about our 5 senses and then celebrating Christmas.

Reminder:

The summer holiday program is coming up. Please get in contact with us to make bookings, as the incursion and excursion days have limited spots available.
