XUNO: Password Information for families

If you cannot remember the username and password previously supplied by the school, you can now **reset your own password** if you have a registered **active** email address with the school. If you don't, contact the office, who can update this, and usually with 1 hour you will be able to reset your password by clicking on the "forgot your username or password?" option on the login page:

The screenshot shows the XUNO login interface for Staughton College. On the left is a blue vertical bar with the 'XUNO' logo. The main white area contains the Staughton College logo at the top left and the text 'Staughton College' at the top right. Below the logo are two input fields: 'Username or email address...' and 'Password...'. A blue 'Sign-in' button is positioned below the password field. Underneath the button is a link that says 'Forgot your username or password?'. At the bottom of the white area, there is a small disclaimer: 'Unauthorised access or use of this service or data is prohibited and is a criminal offence.'

Please note: you can only reset your password through the web browser not the App

How to access the parent portal:

You are able to access the portal from your computer or mobile device, simply type in the URL and log in as usual.

<https://xuno.staughtoncollege.vic.edu.au>

Two things you need to do immediately:

- Log into the portal to ensure you remember your username and password. Contact the office if you need to update your email
- Download the App

If you have any queries, please contact the office.

Kind Regards,

XUNO Implementation Team
