UNIVERSITY

Business Cadetships

Opens - Monday 8 March 2021

Closes - Wednesday 26 May 2021

As a Business Cadet, typically you combine university study in Sydney with paid work at UBS or Barrenjoey Capital Partners in Sydney. The Business Cadetships Program allows you to choose the university where you will study and allows you latitude in your choice of degree program. Over the last fourteen years, Professional Cadetships Australia has provided Year 12 students with the opportunity to apply for a cadetship with leading companies in the financial services industry, including UBS, Bank of America Merrill Lynch, BNP Paribas, Westpac, QBE and Zurich. In 2021, the Business Cadetships Program offers exciting cadetship opportunities in a range of business areas at UBS and at Barrenjoey.

When is ADFA Open Day?

Saturday 21 August 2021

This is a chance for potential ADFA candidates, Defence families and members of the community to learn more about the lifestyle, military training and tertiary education on offer at the Academy. There is also a range of military displays by the Navy, Army and Air Force to give you a snapshot of some of the careers available to you in the ADF. Thousands of people attended the 2019 ADFA Open Day and enjoyed the RAAF solo Roulette display, Police military working dogs display, and a simulated ground based infantry attack by ADFA Midshipmen and Officer Cadets. Army vehicle displays, Army Parachute Display Team, Navy helicopters and much more. ADFA's Midshipmen and Officer Cadets ran stalls, selling food and interacted with families and potential candidates to provide them with insight into life at ADFA.

Further details about the 2021 ADFA Open Day, including any restrictions on attendance due to the ongoing COVID-19 pandemic, will be advised as they become known.

ANU - What will engineering look like in 2050?

Tuesday 16 March 2021. 5.00pm

Much has changed in the field of engineering and the wider world over 30 years. The world in which we live is changing at an increasingly rapid pace, and technology and innovation continue to play an ever-increasing role in our day-to-day lives. Engineers have been at the forefront of this change and played vital roles in finding solutions for the issues of our time - whether that be in automation, climate change, or dealing with pandemics. Looking forward another 30 years to 2050, how will the world and engineering have changed? And what will engineering look like then? Join us and our panel of experts for a discussion on the changing face of engineering as we look at trends for the future. We will also be holding a sneak preview into our newly renovated Birch Building, part of the new School of Engineering.

The best Australian universities to study health services and support

A career in health services and support is a rewarding experience as it makes a big difference in people's lives. Whether it's a position as a dental assistant, anaesthetist or carer, there are plenty of job opportunities in health services, as it's one of the fastest-growing industries.

The Good Universities Guide rankings look at Australian universities' specific strengths, offering insight to support and guide decision-making when choosing a university. View the rankings in terms of how each university performs overall, or you can narrow down by field of study and state. We looked at which universities with undergraduate health services and support degrees performed best in full time employment, teaching quality and graduate salary.

Simulated UCAT Day Workshop: 2-Day program

If you are in Years 10, 11, 12, or perhaps you may be older and considering sitting the UCAT in the future, then this program is for you. The Simulated UCAT Workshop program is ideal and often a necessary step towards effective and efficient preparation for the UCAT. This event will be conducted by the **National Institute of Education** in partnership with **UCAT Preparation Australia**, **MICAS** (Medical Interviews and Career Advice Services) and **PTTI** (Pro Training Tutorial Institute). The workshop is primarily designed to cover fundamental techniques in navigating all five sections of the UCAT test and also for participants to gain a better understanding of their own level of preparedness for the test. Over the course of the years, the program has evolved into more comprehensive and holistic exercise, which not only achieves its primary goal, but it is also exposing students to a wealth of knowledge about all other aspects of the journey into a medical degree. The latest update has seen the program grow into a 2-day event as the sheer amount of content covered was too great to fit into a 1-day program.
