

GIVING BACK

GIVING TREE BUSHFIRE APPEAL

Sacred Heart Catholic School, Geeveston experienced a challenging start to this year during our worst season of bushfires in many years.

During that time we were overwhelmed by the support, care and generosity shown towards us by the community and in particular, other Catholic schools.

We would now like to "Give Back" to the community by reaching out and helping a school/s that have been seriously affected by the bushfires in Queensland and NSW.

We have made contact with some schools affected and they could use our support especially as we approach the Christmas season.
