

2025 Term 1 Parent Overview

Prep

Religion

This term, students will be exploring prayer and how this is a way for us to connect and get closer to God. Students will explore the items that we include on a prayer mat, how to be 'prayerful', to make the sign of the cross and the various prayers that we explore and share as Catholics. The students will then begin to explore the season of Lent, looking at Ash Wednesday, Shrove Tuesday and the Easter Story.

Wellbeing

In Wellbeing, students have begun by exploring the Positive Behaviours for Learning matrix, including how to display the core values of Respect, Responsibility and Resilience. We will then begin exploring different emotions and identifying our personal strengths.

Literacy

In Literacy, we will be looking at a range of texts and participating in language experiences relating to the stories shared. We will also write about an experience we've participated in and expand the range of vocabulary we can use in our writing. As we read our shared texts, we will be exploring concepts about print and the elements that make up the texts that we read being the front cover, illustrator, title etc.

Phonics

In phonics, students will go on a journey through the alphabet by introducing Milo's friends and focussing on their letters and sounds, using the *Milo's Birthday Surprise* storybook and resources. This term, students will learn a new sound each week.

Maths

This term, students have started by looking at two- and three-part patterns using movement, shapes, colours and objects. Next, the students will be investigating time and how they can order and sequence the events/days within a day, week or weekend. They will also further look into place value and how they can connect numbers to quantities, what is one more or less of a number and connect number numerals to quantities.

Inquiry

This term, students will be exploring health. They will be identifying different body parts and comparing how they have changed from when they were babies to the children that they are now. They will also be exploring healthy food choices and creating an example of a healthy food plate.
