

2019 School Council Election Student Statements

Georgia Grant

My name is Georgia Grant, I am a year nine here at MGC and I think that can help give my view from the middle school student perspective. The reason I am applying for school council is because I have had a wonderful couple of years at MGC and I want to help current and future students have an amazing time going to school here to. I have volunteering experience at a gymnastics club for just over 3 years through junior coaching. I have also been involved in the school through aerobics last year and house production in year seven. Thank you for taking the time to consider me as a candidate.

India Warren-Smith

Hi guys, my name is Indy and I am a candidate for school council! I am delighted to have the opportunity to have a position on the council again.

I have excellent teamwork skills; work in catering and I've volunteered as a waitress at a good2go Christmas lunch. I participated in the last 3 school productions as a house arts captain, chorus member and backstage crew member. I enjoyed working with the backstage crew and cast (it was awesome to get to know so many people, from all different year levels!). I attend Diversity team, awesome humans who want to spread more diversity, promote minorities, acceptance and inclusion.

I am confident and I love trying all different clubs and hobbies like drama, debating, STEAM, archery, reading, gardening, volunteering, protesting, drawing, singing, being an angry teenager and overall fun random person! MGC should be a place where no one should feel judged or bullied because of who they are! I know I would be your best student choice on the school council because I value everyone's opinions, ideas, values and decisions and every single student should have a say about what they want to happen and things/ rules they want to moderate or change around the school!

Vote for me!

Thanks Guys 😊
