

PERSONAL ENDORSEMENTS

The following are typical of the appreciations expressed by former Rotary exchange students;

"An exchange is when strangers become family, foreigners become friends, a second language becomes like your first, and a year suddenly becomes days"

"Making the exchange is very beneficial and there is so much to gain by living in another country and learning their language and culture"

"I would say if you were even considering going on an exchange you should definitely apply because you couldn't possibly regret what will be the most adventurous, busy and exciting year of your life so far. I wouldn't change it for anything"

"Thanks to Rotary I have been able to experience this incredible year abroad. Not only have I learnt a new language and culture, and made life long friends, I've got to travel to the other side of the world, whilst living some of the most incredible moments of my life. The year was an unforgettable journey, which I consider to be priceless"
