

CAREER NEWS

Friday 13 September

Dates to Diarise in Term 3

- **Year 12 VTAC timely applications** – ‘Timely Application’ by September 30th
- **VTAC SEAS and Scholarship applications** – due October 11th

Nutrition Studies at Deakin University

Deakin University offers a range of ways for students to study nutrition and food studies, including as majors in a broad range of degrees including *commerce*, *health sciences*, and *exercise and sport science*. Nutrition-specific courses are also offered – *nutrition science* and *dietetics*. The following is really useful information –

➤ Food Innovation Major

Students completing the [Food Innovation Major](#) will gain excellent preparation for careers in *food safety and quality*, *food product development* and *sensory analysis*, as well as further study in dietetics.

➤ CASS Academy

The [Centre for Advanced Sensory Science \(CASS\)](#) is a training hub set up for talented students who are interested in *sensory and consumer science*. CASS's vision is to guide and aid the sustainable growth of the Australian food industry through research excellence. The two laboratories are used by students studying nutrition units within numerous degrees.

➤ Why Study Dietetics at Deakin?

Students completing a [Master of Dietetics](#) at Deakin are able to build on their undergraduate knowledge in physiology, biochemistry and nutrition and get professionally accredited in just 18 months. During this time, students will participate in 21 weeks of professional practice and will be graduate-ready.

Faculty of Arts and Education Teaching information sessions

Discover the rewards of studying a teaching degree at Deakin and why our teaching graduates are so highly sought after. Come along to an information session for an overview of the undergraduate teaching courses at Deakin, including information on entry requirements and the CASPer test

17 September, 5.30pm-6.30pm Burwood campus

The Future Leaders Scheme

Academic or school leadership can help guarantee a place at the University of Sydney. The **Future Leaders Scheme**, open to Dux students and school captains in Australia, requires a principal's nomination and an ATAR of at least 65 or above.

[Future Leaders Scheme nominations](#) are open, and close on 30 September 2019.

UPCOMING OPEN DAYS 2019

Career as a Paediatric Nurse

Paediatric nurses care for babies, children and adolescents. Children are not small adults; they have special needs and specialist paediatric nurses understand these. There are a diverse range of specialty areas within paediatric nursing. Nurses may work in schools, hospitals or community centres and work with families to provide optimal health. Several specialty areas also exist within paediatric nursing. For example, paediatric nurses may become specialised in intensive care, oncology (cancer nursing), mental health and child development.

Visit [Career as a Paediatric Nurse](#) and [How to Become a Paediatric Nurse](#) to find out more.

ACAP College of Applied Psychology

What triggers someone to commit crime and defy societal standards? Study criminology to understand the motivations, patterns and contributing factors relating to criminal behaviour.

ACAP College of Applied Psychology is a private college that offers a **Bachelor of Criminology and Justice** degree.

The Bachelor of Criminology and Justice covers a broad range of topics, such as *criminology, criminal psychology, criminal law and procedure, law enforcement, corrections and justice* related issues. In this course students receive a comprehensive, theoretical education in each of these areas – from learning why people commit crimes to understanding the importance of ethics and legal processes.

Visit [ACAP - Bachelor of Criminology and Justice](#) to find out more.

RMIT University offers the [Associate Degree in Engineering Technology](#) which is an excellent 2-year degree for students undecided which specialised area of Engineering they wish to study. Students who successfully complete this course and have maintained a grade point average (GPA) of 2.0 or higher, will be eligible to receive a **guaranteed entry with two years of credit** (equivalent to 192 credit points) into the following RMIT programs relevant to their study major. This pathway course is also often used by students who do not attain the minimum English/EAL and Maths Methods study scores, or if their ATAR is not high enough to enter the bachelor degree. Students keen on [telecommunications engineering](#) can also use this pathway course, by completing the Electrical and Electronics major.

- [Bachelor of Engineering \(Advanced Manufacturing and Mechatronics\) \(Honours\)](#)
- [Bachelor of Engineering \(Aerospace Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Automotive Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Civil and Infrastructure\) \(Honours\)](#)
- [Bachelor of Engineering \(Computer and Network Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Electrical and Electronic Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Electrical Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Mechanical Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Sustainable Systems Engineering\) \(Honours\)](#)

Courses with Real World Experience

The **Bachelor of Accounting & Information Systems (BAIS)** and **Bachelor of Information Technology (BIT)** are both industry scholarship courses that include two 20-week placements. Professional development opportunities, such as workshops and networking, are also embedded in the BAIS, enabling students to connect and interact with professionals. Students receive an industry-funded scholarship totalling approximately \$40,000, which is paid over the duration of the course.

The VCE prerequisite for the BAIS is Units 3 and 4: a minimum study score of 25 in English (or equivalent) or 30 in English (EAL).

The VCE prerequisites for the BIT are Units 3 and 4: a minimum study score of 25 in English (or equivalent) or 30 in English (EAL); and Units 3 and 4: a minimum study score of 20 in any Mathematics.

Students keen on finding out more are encouraged to visit [Bachelor of Accounting & Information Systems \(BAIS\)](#) and [Bachelor of Information Technology \(BIT\)](#)

Medical Imaging Courses in Victoria

Medical imaging technologists operate X-ray and other imaging equipment, such as MRI and Ultrasound, to produce radiographic images which are used in the diagnosis and subsequent management of disease or injury. Below are links to the specialised medical imaging areas, some of which are detailed in the *Good Universities Guide*: [Nuclear Medicine Technologist](#), [Medical Imaging Technology](#), and a useful links - [So, you want to be a Sonographer?](#), and [Medical Imaging and Radiation Sciences at Monash](#).

In Victoria students can study specific medical imaging courses (also known as medical radiography or medical radiations or sonography) at the following universities:

INSTITUTION	COURSE	VCE PREREQUISITES	2019 ATAR
CQU M - Melbourne Campus	Medical Sonography	Year 12 English	83.15 (M)
Deakin University G - Geelong Waurin Ponds Campus	Medical Imaging	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; Units 3 and 4: a study score of at least 25 in one of Biology, Chemistry or Physics; Units 3 and 4: a study score of at least 22 in one of Maths: Mathematical Methods or Maths: Specialist Mathematics or at least 30 in Maths: Further Mathematics.	89.95 (G)
Monash University C – Clayton Campus *This course is primarily at Clayton with some first year-level units only available at Caulfield.	Radiography and Medical Imaging	Units 3 and 4: a study score of at least 35 in English (EAL) or at least 30 in English other than EAL; Units 3 and 4: a study score of at least 25 in one of Biology or Physics; Units 3 and 4: a study score of at least 25 in one of Maths: Mathematical Methods or Maths: Specialist Mathematics.	98.60 (C)
	Radiation Sciences	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; Units 3 and 4: a study score of at least 30 in Maths: Further Mathematics or at least 25 in Maths: Mathematical Methods or at least 25 in Maths: Specialist Mathematics.	84.75 (C) *
RMIT University B – Bundoora Campus	Medical Radiations (Radiography)	Units 1 and 2: satisfactory completion in one of Biology or Chemistry or Units 3 and 4: one of Biology or Chemistry; Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; Units 3 and 4: a study score of at least 20 in one of Maths: Mathematical Methods or Maths: Specialist Mathematics.	94.55 (B)
	Medical Radiations (Nuclear Medicine)	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; Units 3 and 4: a study score of at least 20 in one of Maths: Mathematical Methods or Maths: Specialist Mathematics; Units 3 and 4: a study score of at least 20 in Chemistry.	82.55 (B)
	Medical Radiations (Radiation Therapy)	Units 1 and 2: satisfactory completion in one of Biology or Chemistry or Units 3 and 4: one of Biology or Chemistry; Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; Units 3 and 4: a study score of at least 20 in one of Maths: Mathematical Methods or Maths: Specialist Mathematics.	87.70 (B)

Your Macleay Pathway

How does it work? It's simple – students start in one of our diploma programs, and after 12 months, upon successful completion, they progress into their chosen bachelor's degree*. Students receive credit for their diploma studies and graduate with a diploma and a bachelor's degree after just 2 years!

Why Macleay?

- At Macleay College we believe in real-world course content to ensure you're job ready.
- Our course material and teaching method incorporates the latest industry practices and real-world experience.
- Our lecturers have industry experience and up-to-date knowledge.
- Our small classes feature personalised teaching that nurtures your unique strengths.
- We outperform Australia's highest ranked universities in measures including Overall Quality of Educational Experience and Graduate Satisfaction in the [Quality Indicators for Learning and Teaching \(QILT\)](#) survey, and score well above the national average on all other indicators.

Our Courses

Students can [choose from a variety of diploma and bachelor's degrees](#) in the following study areas:

- Accounting
- Digital Media
- Advertising
- Journalism
- Business
- Marketing

How To Apply

To be eligible for one of our diploma or bachelor courses, students can simply search for 'Macleay College' in VTAC or UAC and add their course of your choice to their list of preferences.

Find Out More: Get your students to [speak to us](#) today. Or alternatively find out about the program, selection criteria and how to apply [here](#).

Programming Challenge for Girls (PC4G)

With our interactive workshops held on campus, students will work in pairs to learn computer programming with 'ALICE'. This is the third workshop for the year but all abilities are welcome - we adjust the workshop to suit each student's programming ability and experience.

Date: Wednesday 30 October

Time: 9am – 11:30am

Venue: Parkville Campus

You are invited to nominate **Year 9 girls** from your school who are interested in **Computer Programming and Information Technology**. (See Ms Purches to register your interest)

Deakin Accelerate

Deakin Accelerate

We'd like to invite you to attend a Deakin Accelerate Information Evening, aimed at Year 10 and 11 students, their parents and career practitioners. Deakin Accelerate is a distinctive VCE extension studies program offering high-achieving students university-level learning opportunities.

Students study one unit per trimester either on campus at one of Deakin's four vibrant locations or at the Cloud Campus – our innovative online learning environment. Students get the same benefits as studying a fifth or sixth VCE subject, while gaining university credit and reducing the cost of their future degree at Deakin. They'll also have the opportunity to boost their ATAR.

We offer 14 exciting study areas:

- accounting
- criminology
- disability, diversity and inclusion
- economics
- health practice and research
- journalism
- law
- management
- marketing
- philosophy (**new in 2020**)
- psychological science
- public relations (**new in 2020**)
- robotics and data science
- sport management

Event details

Attend one of our Information Evenings to learn more about Deakin Accelerate and explore the many benefits. Hear from past students and find out about the application process.

RESERVE BANK OF AUSTRALIA

Work Experience at the Reserve Bank of Australia

The Reserve Bank's Head Office in Sydney offers work experience for Year 10 high school students. A new program has been developed and is designed to give students insight into the work of economists.

Eligibility: Students in Year 10 who are interested in studying economics in Years 11-12.

When: 11–15 November 2019

Where: 65 Martin Place, Sydney, NSW 2000

Number of places: 12 students (maximum one per school)

During the one-week program, students will learn about the roles and functions of the nation's central bank and how to interpret economic graphs, as well as shadowing one of the Bank's economists as they complete a series of core activities.

Applications for the November 2019 Work Experience program will be open from 11–20 September 2019.

The Bank is committed to equal opportunity and places will be offered to students from different backgrounds and school types. (While the Bank will consider applications from students outside Sydney, it will not provide accommodation or travel assistance.)

Advice Nights

Giving up a weeknight might seem like a big ask, but when you come to an Advice Night, you'll have plenty to smile about. Here's why you should get yourself to one, pronto!

1. It's two hours that could change your life.
2. You get to ask course experts everything you want to know about any course you're interested in. Ask us about majors and co-majors, and industry placements.
3. You get to picture yourself here.
4. You get to grill us on what recent grads are doing now. You might find that global change maker, Dimity Hawkins, who co-founded a Nobel Prize-winning organisation did your course. Or that the director of the Academy Award-nominated film, Lion, Garth Davis, got his artistic bearings at Swinburne.
5. You get help with your application. Yep, you can even get it sorted on the spot.
(Hint: [Start your application online](#) before you arrive, and you'll be able to better utilise your time at our application hub.)

Convinced? Come along to one of our Advice Nights. (They're free – and far superior to reality TV!)

Wantirna Advice Night

Tuesday 17 September
4pm – 6pm

Hawthorn Advice Night

Wednesday 18 September
4pm – 6pm

Aviation Advice Night

Wednesday 18 September
6pm – 8pm
