WIN a \$5,000
travel experience!

Welcome to

Murdoch University Open Day!

Are you ready to start
the conversation,
explore your future,
reimagine your career,
and step away from the crowd?
Then you're in the right place.

Let's get
started

➤ At Murdoch, we value curiosity, creativity and individuality.

Open Day is the perfect opportunity for you to chat with staff and students and find out about our courses on offer, all while getting a taste of uni life.

It's also your opportunity to step away from the crowd, to forge your own path, explore your passion, unleash your curiosity and discover what inspires you.

Today, be open to all the possibilities and find out where your thinking could take you.

Are you a Murdoch graduate?

Welcome back! You're invited to join us at the new Sir Walter's Restaurant off Bush Court [Map ref C4]. Alumni Relations have set up an exclusive space where you can unwind with complimentary refreshments, catch up with old friends and walk away with a gift!

Ask
me.

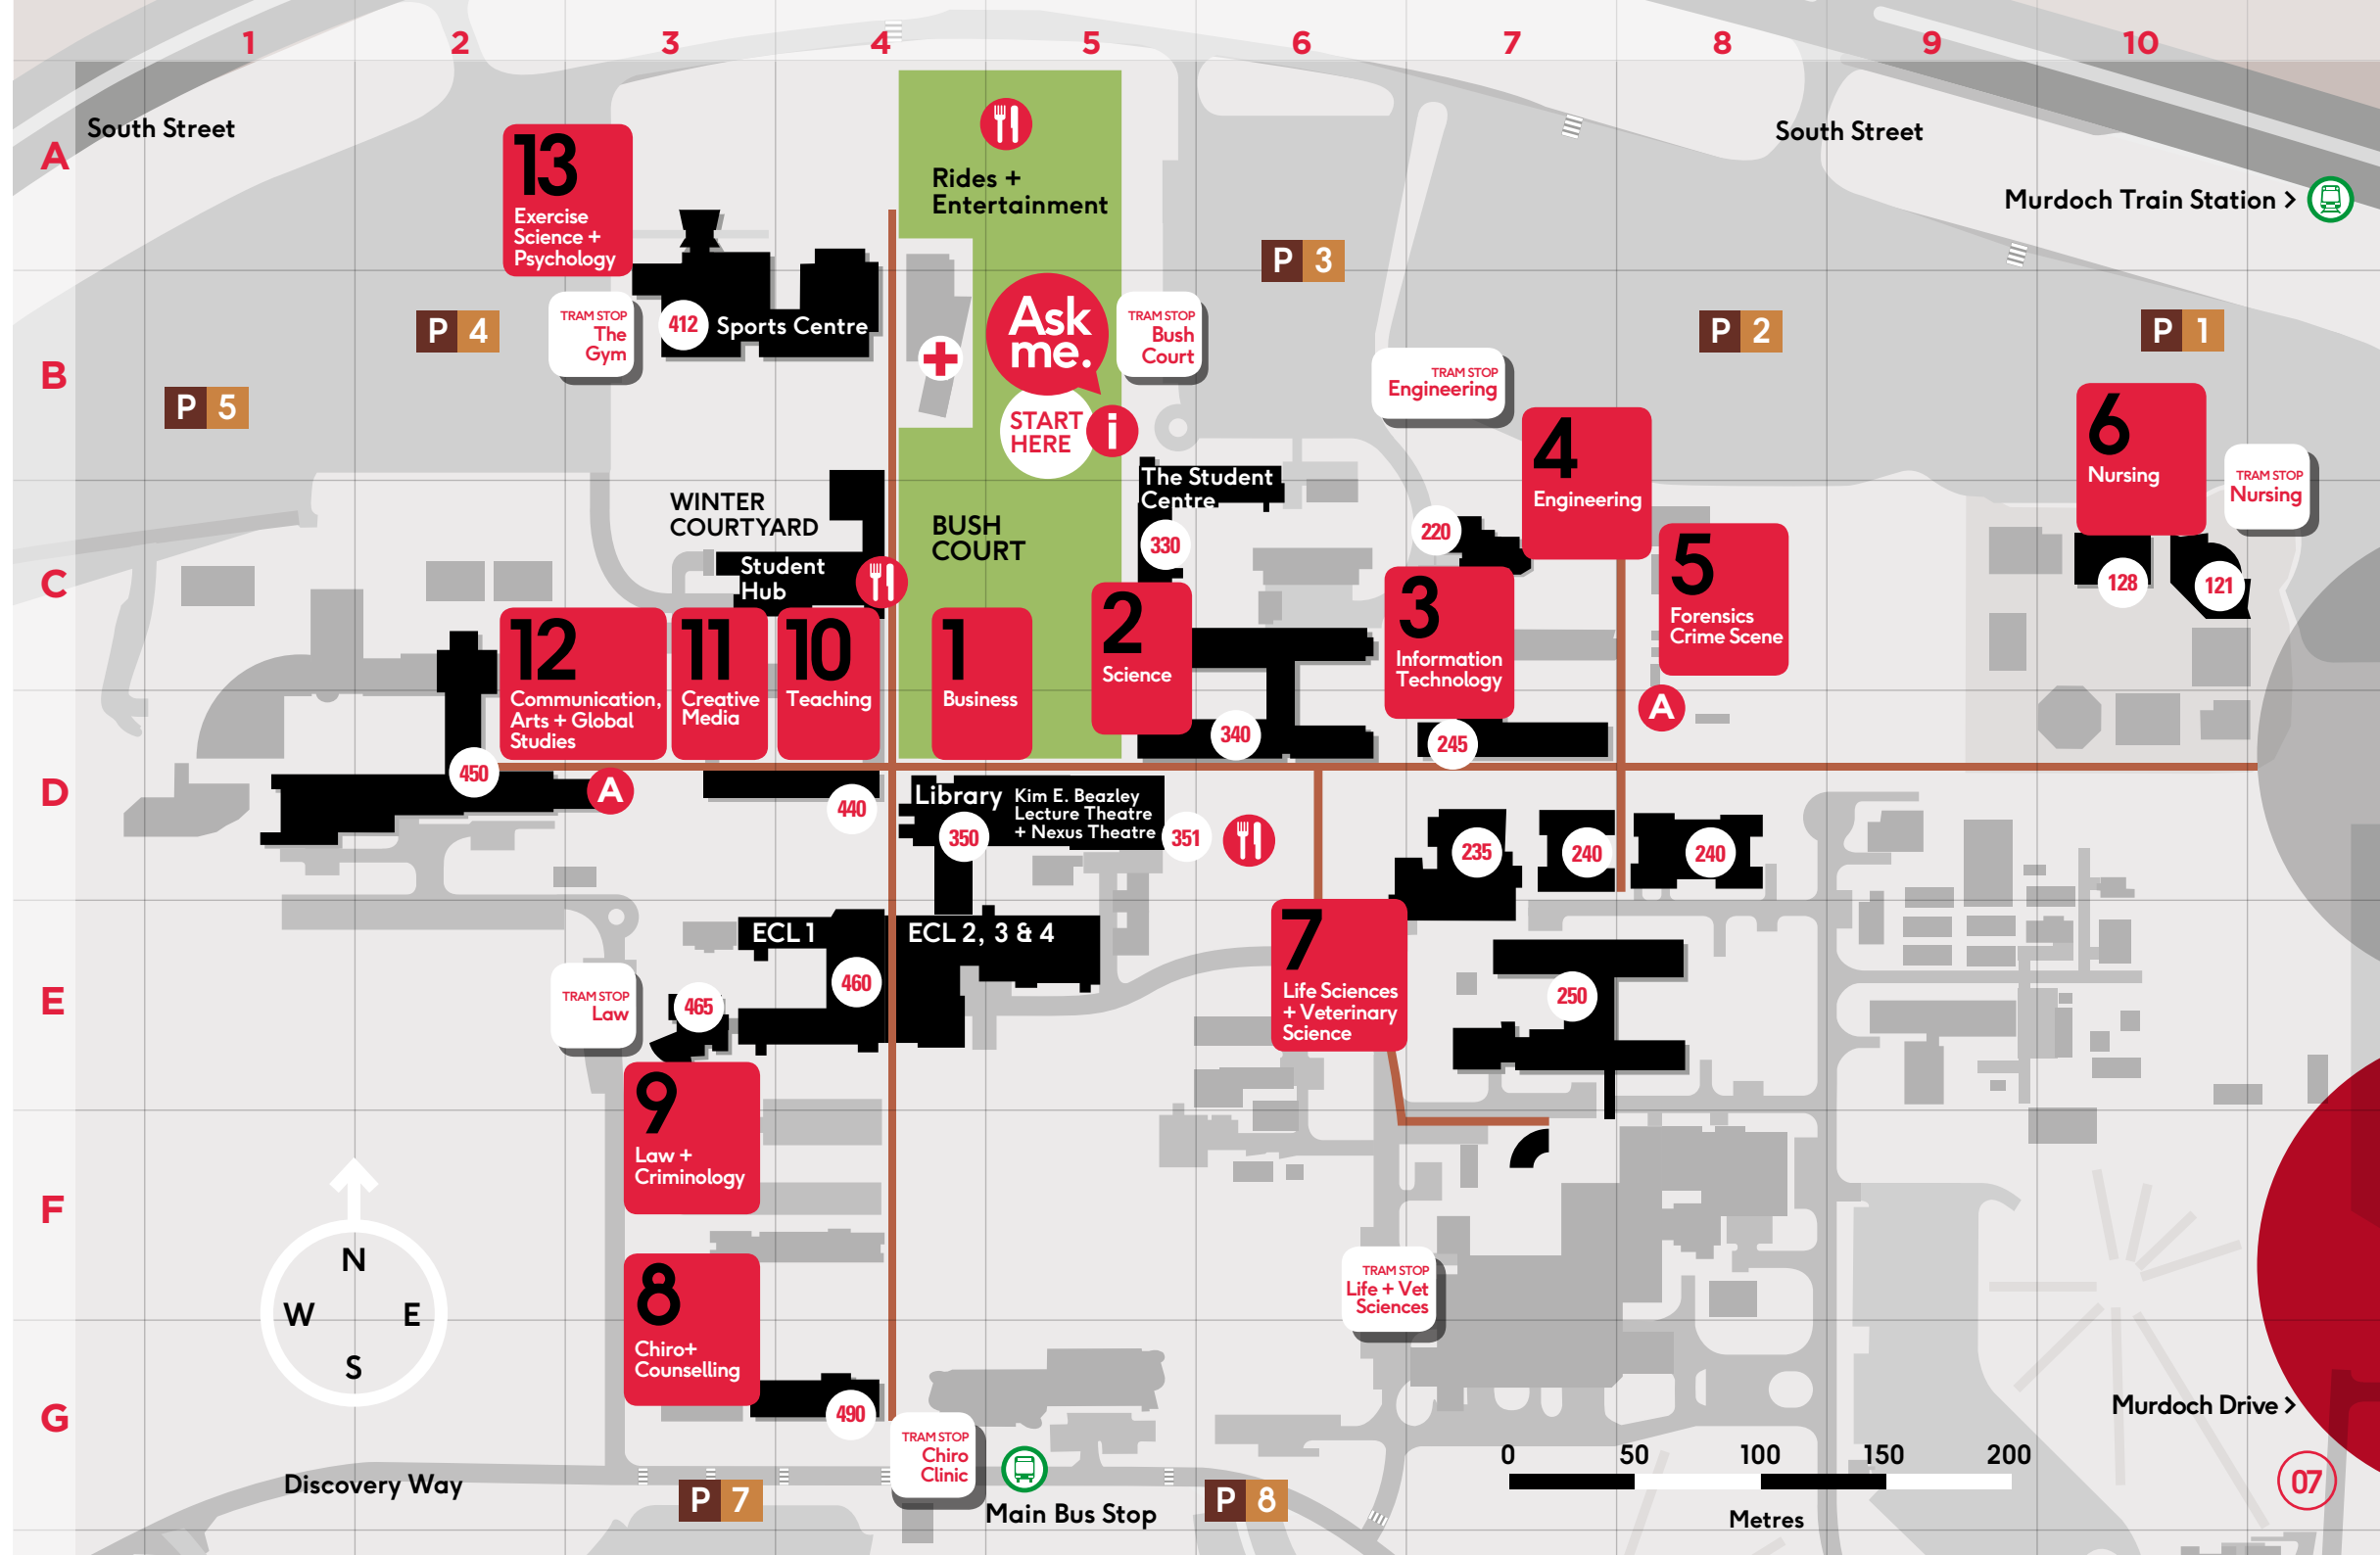

If you need help finding your way around or have a question, ask one of our friendly staff in black shirts or student helpers in red shirts. We're all here to help!

We'll even take you on a guided walk to your area of interest if you head to the departure point outside of Dome A on Bush Court.

A woman with long dark hair wearing a black hijab and a black long-sleeved top is looking at a brochure. She is carrying a large yellow tote bag. The background is a vibrant mural with stylized faces and geometric patterns in shades of orange, red, and teal.

Open to
starting your
journey.

Information Domes

Get all your questions answered about courses and uni life as you start your day at the Information Domes on Bush Court.

[Map ref B5]

Courses

Start your day here! Get advice on why you should choose to study at Murdoch. Chat to us about our undergraduate and postgraduate courses and scholarships on offer across our eight study areas: Business and Law, Creative Arts and Communication, Engineering, Health, Science, Social and Cultural Studies, Teaching and Technology.

Admissions and Pathways

Our expert advisors are here to talk to you about the application process and the access pathways available to study at Murdoch. Here, you'll be able to find the pathway that's right for you.

Student Support

Find out how you will be supported as a Murdoch student. Learn about our on-campus counselling and medical services, disability support, equity programs, free academic skills workshops and our peer-mentoring program. You can also visit our friendly student support team at a myMurdoch Advice location [Map ref D3 and D8] to find out more about uni-life, the various support offered at Murdoch, and further information about study options such as double majors and part-time study.

Generate your Think to WIN!

Are you undecided about your uni course? Do you need some help discovering where your passion lies?

At Murdoch, we want to help you discover your Think—the inner force that guides you—so we created our very own Think Generator.

For a chance to WIN a VIP experience for you and three friends at RAC Arena, visit **Dome A** and take the quiz.

thinkgenerator.murdoch.edu.au

Student Experience

Student life is about more than just learning in your chosen field – it's also about getting involved, having fun and making lifelong friends.

Share with us ideas for your ideal university experience and find out about the ways you can get involved – from studying part of your degree overseas to joining a student guild or sports club. Plus, chat to representatives from our Careers team to get advice on how to make the most of your degree and to find out how to stand out from the crowd when you graduate.

Campus Living

Have a chat to the Murdoch Village team to find out about living in our on-campus student accommodation. With village tours departing this dome regularly, you will be able to see the accommodation for yourself!

Expecting an 80+ ATAR? Be rewarded with up to \$3,000!

Kick-start your degree with our unique Murdoch First Scholarship to help you get started on your university journey.

If you achieve an unadjusted ATAR of 80 or higher, select Murdoch University as your first preference in TISC, and plan to study full-time in 2020, you could be eligible for the Murdoch First Scholarship valued at up to \$3,000. Talk to our friendly staff in Dome A to find out more.

Terms and Conditions apply.

Apply today, start tomorrow!

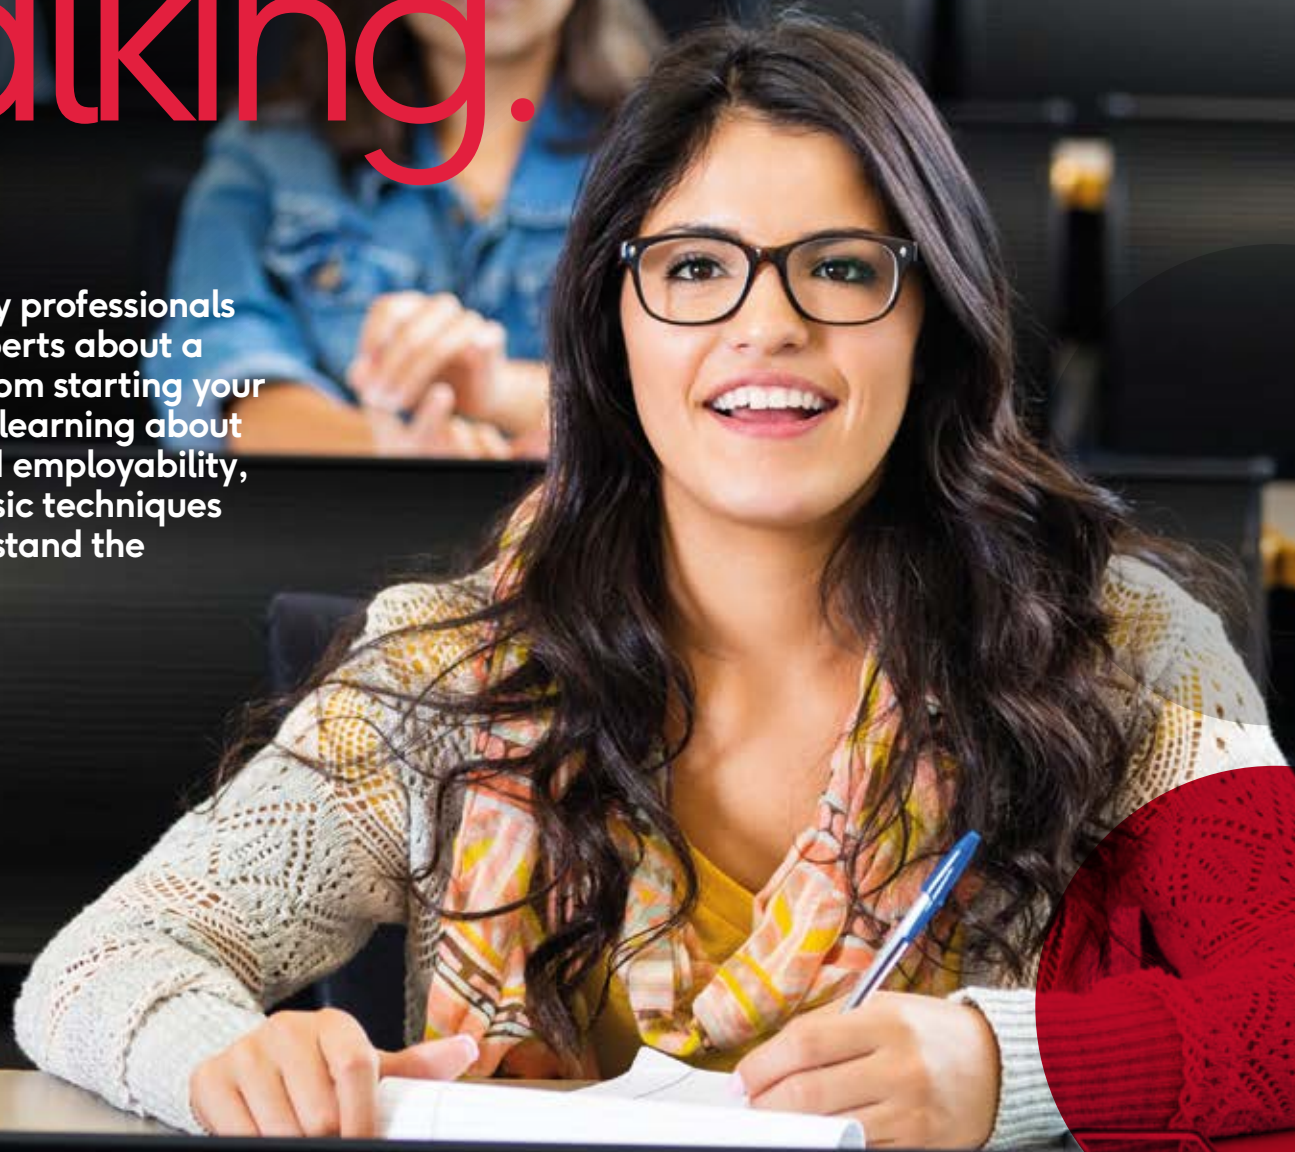

Did you know you can apply today
to start at Murdoch mid-year?

Semester 2 kicks off on Monday 29 July, so head to our Student Centre in Building 330 to get help with your application.

[Map ref C5]

Open to talking.

Hear from industry professionals and academic experts about a range of topics, from starting your own business and learning about future careers and employability, to exploring forensic techniques and how to understand the teenage brain.

Wildlife DNA Forensics

10.15am - 11am
Building 351, Kim E Beazley
Lecture Theatre

[Map ref D5]

Hear from Murdoch lecturer and forensics expert, Dr Shane Tobe, about how animal evidence can be used to help solve crimes and how we are using forensic techniques to help protect endangered species at risk of extinction.

Six steps to start up - an entrepreneurs guide

11am - 11.30am
1.30pm - 2pm
Building 350, Library Foyer -
Launchpad

[Map ref D4]

Learn how you can turn your business idea into a reality.

Join Jeremy Chetty, student turned entrepreneur, as he shares his experience. Jeremy is co-founder of Student Edge, a Murdoch business alumni, and the Entrepreneur in Residence at our Launchpad innovation hub.

Surviving the stress of high-school, and life beyond

11.15am - 12pm
Building 351, Kim E Beazley
Lecture Theatre

[Map ref D5]

Parents, teachers and young people are invited to join psychologist Dr Charlotte Keating as she presents strategies for helping young people manage one of the most stressful years of their life with balance, optimism and compassion. Come away with tips on how to help them study smarter not harder and how to sustain a marathon rather than a sprint, as well as how to manage stress and anxiety, including perfectionism. Parents and teachers will learn how to best support young people in their high school years and beyond by understanding the adolescent brain and what it needs to thrive.

Future careers and how to enhance your employability

12.15pm - 1pm
Building 351, Kim E Beazley
Lecture Theatre

[Map ref D5]

What does the future of work look like? And how does Murdoch University prepare students to be a competitive force in the future world of work?

Hear from a panel of highly experienced Murdoch Academics, Careers and Employment Centre representatives, and current students on sector trends and the rapidly changing world of work, and what this means for your child's career. Find out our top five tips to enhance employability, so your child thrives in a dynamic career landscape.

Q&A with The Naked Scientist

1.15pm - 2pm
Building 351, Kim E Beazley
Lecture Theatre

[Map ref D5]

Come along and ask The Naked Scientist all of your questions about science – great prizes are up for grabs for the best questions!

Based at Cambridge University's Institute of Continuing Education, The Naked Scientists are a team of scientists, doctors and communicators whose passion is to help the general public to understand and engage with the worlds of science, technology and medicine.

Created and launched in 2001 by Chris Smith, The Naked Scientists was one of the first podcasts to exist and is now one of the world's most popular science shows, achieving over 50 million programme downloads in the last five years.

Underwater detectives: CSI - Crime Scuba Investigation

2.15pm - 3pm
Building 351, Kim E Beazley
Lecture Theatre

[Map ref D5]

Learn how marine life can help forensic investigation. Inspirational Murdoch lecturer and forensics expert, Dr Paola Magni, will share with you how the humble barnacle can be like an underwater detective, providing forensic investigators with vital clues to help solve murders, plane crashes and even trafficking on boats.

Dr Magni's unique skill set means she has been in demand not only to testify in court cases around the world, but also as a technical adviser to the hit TV series 'CSI'. Don't miss this entertaining and insightful presentation.

Dr Charlotte
Keating

The Naked
Scientist

Get informed.

Learn more about studying at Murdoch through our series of information sessions, designed to prepare you for university life and beyond.

Selection Rank - how is it calculated?

10.15am - 10.55am
Building 460, ECL 1
[Map ref E4]

Hear from the Executive Officer of the Tertiary Institutions Service Centre (TISC), Mr Wayne Betts, who will share information on how Selection Ranks are calculated, adjustment of marks and scaling, the university application and offer process, and supplementary English testing for students who do not pass ATAR English.

Go Global - take your studies overseas

11am - 11.30am
2pm - 2.30pm
Building 460, ECL 3
[Map ref E4]

Want to explore the world and add unique and inspiring experiences to your study? Murdoch has more than 50 partner universities across the globe. Learn about the opportunities for study abroad, student exchange and overseas internships, and hear about the countries you can visit while still earning credit towards your degree. We'll talk you through the financial support available and our students will share their exciting overseas study experiences.

Entry pathways to Murdoch University

11.30am - 12pm
3.30pm - 4pm
Building 460, ECL 1
[Map ref E4]

There are many entry pathways to Murdoch. So do you already qualify for entry? Hear from our student panel who all came to Murdoch through a range of pathways and are enjoying great success in their courses. Plus, learn about the different pathway options and requirements for university entry.

UNISPEAK101: Understanding uni speak

12.30pm - 1pm
2.30pm - 3pm
Building 460, ECL 1
[Map ref E4]

Majors, minors, combined degrees, units, electives, tutes, supps, postgrad... finding the uni lingo a little confusing? Join us for a session to unravel uni speak, as well as gain an appreciation for what a typical day, week and year may look like for a uni student. Get insights into life as a Murdoch student to help inform great conversations with academics and advisors throughout the day.

Scholarships

1pm - 1.30pm
Building 460, ECL 3
[Map ref E4]

Scholarships are designed to financially assist students throughout their studies and aren't necessarily based on high academic results. We award over \$2.5 million worth of scholarships each year, so come along to this session to find out what scholarships you can apply for at Murdoch University.

Your TISC application

1.30pm - 2pm
Building 460, ECL 1
[Map ref E4]

Join this session to learn about the TISC application and offer process. Find out how to strategically order your uni preferences and what important dates you need to know throughout the process of offer to commencement.

Missed an information session or just want more?

Head to the Information Domes on Bush Court where you can chat with our friendly advisors about these topics.

[Map ref B5]

Open to our campus.

Hop-on hop-off tram tours

Did you know our Perth campus is one of the largest university campuses in Australia? With 227 hectares of campus to discover, jump on board our Open Day Tram to see it all!

Bush Court

Hop off here to visit Bush Court, the best place to start your day. Here you will find the Information Domes, Kim E Beazley and ECL Lecture Theatres, The Student Hub, Student Centre, Library, entertainment, food, drinks and more. [Map ref B5]

Engineering

Visit our state-of-the-art Engineering Pilot Plant training facility, one of only a few in Australia, where our engineering students gain real-world experience. [Map ref B7]

Nursing

Stop here to chat with our Nursing staff and students, check out the nursing simulation suites and learn more about our courses and careers in this field. [Map ref C10]

Life + Vet Sciences

Check out where our next generation of vets and scientists are trained. Hop off here to see our working farm, science and learning labs, meet some friendly animals and take a bus tour of our farm and wetlands. [Map ref F6]

With 227 hectares of campus to discover, jump on board our **Open Day Tram** and see it all!

5.

Chiro Clinic

Hop off here to visit our practising Chiropractic Clinic and chat to current students and academics in this profession. [Map ref G4]

6.

Law

Stop here to visit our Law + Criminology, Creative Media, and Communication, Arts + Global Studies information areas. Check out our modern law facilities and watch a mock trial, or explore our Media Arts Centre, complete with industry standard television and radio studios, editing suites, newsrooms and more. [Map ref E3]

7.

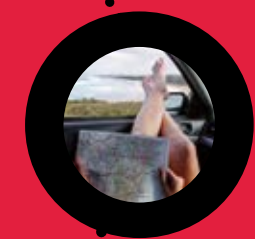

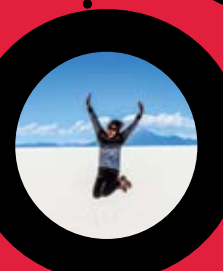

The Gym

Learn more about our courses in Exercise Science and Psychology and see our teaching facilities and labs. Don't forget to check out our Sport and Recreation Centre here too, where you can take part in free fitness classes, meet students from our sports clubs, watch 3 on 3 basketball demos and have a chance to win a three month gym membership! [Map ref B3]

Open day dash

Complete the Open Day Dash for your chance to win a \$5,000 Travel Experience!

HOW TO ENTER

-  **1. Find three code-words**
Make a dash to three (3) locations around Bush Court to find each code-word.
-  **2. Enter codes online**
Enter three code-words and your contact details to the form below.
-  **3. Submit your details**
Click submit and you'll be in the draw to win!

To get started, simply scan/take a photo of the code or visit murdochopendaydash.com.au

With over 200 activities to explore, you'll have plenty to see and do. Check out the next few pages to see them all!

1 Business

Type	Time	What's Happening?	Location	Map Ref
Activity	10.30am - 11am	Game Theory - how to beat the system In this fun, interesting and interactive workshop, you'll be exposed to the basics of the mathematical model Game Theory. This science of logical decision making is an important part of economics and social sciences. Through interaction and technology, students will learn and gain understanding of concepts of Zero-sum games, The Nash Equilibrium, and Homo Economicus, and see versions of this theory in popular culture and the real world.	Bush Court, Business Marquee	C4
Talk	11am - 11.30am 1.30pm - 2pm	Six steps to start up - an entrepreneurs guide Learn how you can turn your business idea into a reality. Join Jeremy Chetty, student turned entrepreneur, as he shares his experience. Jeremy is Co-Founder of Student Edge, a Murdoch business alumni and the Entrepreneur in Residence at our innovation hub, Launchpad.	Building 350, Library Foyer - Launchpad	D4
Activity	11.15am - 11.45am	Can you win with Instagram? Qantas vs. Virgin Airlines have to compete for your attention and dollars, and social media is the new battleground. Get the inside scoop on how the experts at Qantas and Virgin Australia win at digital and social media marketing. Learn why a career in marketing pays the big bucks and how you can start yours.	Bush Court, Business Marquee	C4
Course talk	11.30am - 12pm 2pm - 2.30pm	Find out more about our courses in Business, Commerce, Entrepreneurship and Innovation, and International Business.	Building 350, Library Foyer - Launchpad	D4
Activity	12pm - 12.30pm	Entrepreneur Impossible Set up a business and take on financial risks all with the ultimate goal of realising profit.	Bush Court, Business Marquee	C4
Demonstration	12.45pm - 1.15pm 2.15pm - 2.45pm	Get ready for work! Find out how you can use virtual simulations to prepare for employment.	Bush Court, Business Marquee	C4
Activity	1.30pm - 2pm	Seizing Opportunities People with self confidence, come, see and conquer - Ahad Ha'am.	Bush Court, Business Marquee	C4
Chat & information	All day	Chat to our academics about our undergraduate and postgraduate business courses, including Accounting, Banking, Business Law, Entrepreneurship and Innovation, Finance, Global Business and Politics, International Business, Management, Human Resources Management, Hospitality and Tourism Management, and Marketing.	Bush Court, Business Marquee	C4
Quiz	All day	Participate in this interactive game show to learn more about Business courses and have a chance to win a prize!	Bush Court, Business Marquee	C4

Six steps to start up - an entrepreneurs guide

11am & 1.30pm, Building 350, Library Foyer - Launchpad [Map ref D4]

Learn how you can turn your business idea into a reality. Join Jeremy Chetty, student turned entrepreneur, as he shares his experience. Jeremy is Co-Founder of Student Edge, a Murdoch business alumni and the Entrepreneur in Residence at our innovation hub, Launchpad.

2 Science

Type	Time	What's Happening?	Location	Map Ref
Demonstration	10.30am - 3pm	Visit our open day chemistry instrument laboratories to explore and understand that chemistry is everywhere including caffeine in energy drinks, iron in bore water and drug analysis.	Building 340, Level 3, Rooms 003 & 008	D6
Course talk	12.30pm - 1pm 3pm - 3.30pm	Find out more about our courses in Chemistry, Physics and Nanotechnology, and Safety Science.	Building 245, Robertson Lecture Theatre	D7
Activity	All day	Fun, Fire and Farming - find out more about chemistry research and teaching at Murdoch.	Building 340, Level 2, Room 007	D6
Activity	All day	Explore physics in the lab - be amazed, be amused, be in awe! Make your own gold nano particles and find out more about nanotechnology and how it is at the forefront of many fields, such as materials science and biotechnology.	Building 340, Level 2, Rooms 028 & 029	C6
Demonstration	All day	The Heavy Metal Show: watch a fiery thermite reaction, learn how to extract and purify metals, check out mineral floatation and identify minerals to win a prize!	Building 340, Level 2, Room 006	D6

3 Information Technology

Type	Time	What's Happening?	Location	Map Ref
Course talk	11.30am - 12pm 2pm - 2.30pm	Find out more about our undergraduate courses in Information Technology and Mathematics.	Building 245, Robertson Lecture Theatre	D7
Course talk	12pm - 12.30pm 2.30pm - 3pm	Find out more about our postgraduate courses in Information Technology.	Building 245, Robertson Lecture Theatre	D7
Activity	All day	Find numbers in bubbles with our maths experiment. Plus, try making giant bubbles and geometric shapes!	Mathematics + Statistics Marquee	D6
Activity	All day	What do statistics and medicine have in common? Find out how statistical data analysis is being used to make sense of the big data being generated in modern medicine. From the petri dish to the bedside, statistics are aiding our understanding of disease and the discovery of new treatments.	Engineering + Technology + Science Marquee	D7
Demonstration	All day	Healthcare using virtual reality: See how virtual reality and gamification approaches are used in rehabilitation.	Building 245, Level 3, Room 054	D7
Demonstration	All day	Experiment with our new IT Innovation Hub, a dedicated space for our IT students.	Building 245, Level 3, Room 064	D7
Demonstration & activity	All day	Interactive virtual reality and visualisation: Transport your mind into another world using virtual reality!	Building 245, Level 3, Room 062	D7
Demonstration & activity	All day	Teleoperate a maintenance robot and see state-of-the-art research drones.	Engineering + Technology + Science Marquee	D7
Demonstration & activity	All day	Experiment with new IoT (Internet of Things), and view and interact with the state-of-the-art lighting system.	Building 245, Level 3, Room 063	D7

4 Engineering

Type	Time	What's Happening?	Location	Map Ref
Course talk	10.30am - 11am 1pm - 1.30pm	Find out more about our undergraduate Engineering courses, including Electrical Engineering, Renewable Engineering, Environmental Engineering and Chemical and Metallurgical Engineering.	Building 245, Robertson Lecture Theatre	D7
Course talk	11am - 11.30am 1.30pm - 2pm	Find out more about our postgraduate Engineering and Energy courses, including Water Treatment and Desalination, Energy and Carbon Studies, Renewable and Sustainable Energy, Engineering and Energy.	Building 245, Robertson Lecture Theatre	D7
Activity	All day	3D printers make different objects and models, based on digital files. Try your hand at 3D modelling!	Building 340, Level 2, Room 026	C6
Activity	All day	Environmental Engineering - what's new? Environmental Engineers are solving some of the world's greatest problems in water supply, reducing carbon emissions and recycling the wastes from our cities and industries. Learn more about the many great career opportunities in Environmental Engineering, including Water Treatment and Desalination.	Engineering + Technology + Science Marquee	D7
Activity	All day	Experiment with an engineering control board and see if you can beat the computer at tic tac toe in three dimensions. Plus, check out a lolly machine built by Murdoch students, using electronics, sensors and actuators - all in a clear case so you can see what is going on inside!	Building 340, Level 2, Rooms 026 & 027	C6
Activity	All day	Visit our Engineering and Energy building learn how to operate our engineering pilot plant - one of only a few in Australia and the only one of its kind in WA. You can also join the Lego Minestorm Challenge and program robots to solve puzzles, check out project work done by engineering students, and find out more about the future of energy.	Building 220	C7
Display	All day	Microgrid Display: This might seem like free energy at first, but you will have to sweat to keep the lights on with this apparatus!	Building 220 (outside)	C7

Learn how to operate our engineering pilot plant

[Map ref C7]

Our nationally renowned engineering pilot plant is one of only a few in Australia and the only one of its kind in WA.

Visit our control room to see where our Electrical Engineering students develop real-world skills and find out what is needed to keep the plant operating.

5 Forensics Crime Science

Type	Time	What's Happening?	Location	Map Ref
Activity & display	All day	Visit our Open Day crime scene to learn about crime scene investigation procedures studied by our students, including dusting for fingerprints and blood pattern analysis.	Forensics Crime Scene	C8

6 Nursing

Type	Time	What's Happening?	Location	Map Ref
Course talk	11am - 11.30am 1pm - 1.30pm 2.30pm - 3pm	Careers in Nursing: Learn what it means to be a nursing student and explore the various career options.	Building 121	C10
Activity	All day	Join us for an interactive session with one of our high-fidelity mannequins. Feel a pulse and listen to heart and lung sounds.	Building 128, Clinical Simulation Suite 1, High-Fidelity Suite 1	C10
Chat & information	All day	Talk to our academics and nursing students about our Nursing degree. Find out about local, regional and international placement experiences and get your blood pressure taken by our nursing students. Plus, find out more about our postgraduate nursing courses and short course opportunities.	Building 128, Clinical Simulation Suite 1 & 2	C10
Display	All day	What would you do if an employer asked you to show them how you did your degree? Murdoch nursing graduates can, thanks to PebblePad, an impressive ePortfolio.	Building 128, Clinical Simulation Suite 1	C10

Explore our nursing facilities

[Map ref C10]

Join us for an interactive session with one of our high-fidelity mannequins! Come feel a pulse or listen to heart and lung sounds, and see first-hand the amazing facilities our Nursing students learn in.

7 Life Sciences + Veterinary Science

Type	Time	What's Happening?	Location	Map Ref
Course talk	10am - 10.45am 1pm - 1.45pm	Find out more about our courses in Veterinary Science, Animal Health, Animal Science, and Crop and Pasture Science.	Building 235, Loneragan Lecture Theatre	D7
Tour	10.15am - 11am 11.45am - 12.30pm 1.15pm - 2pm	Go on a Wetlands Safari Field Trip! But make sure you get in quick - this activity fills up fast.	Farm and Wetlands Tours - Departure Point (Marquee)	E6
Activity	10.30am - 2.30pm (Every half hour)	Explore veterinary anatomy with real inflating horse lungs.	Building 250, Level 1, Room 022	E7
Tour	10.30am - 3pm (Tours depart every half hour)	Go on a guided tour of The Animal Hospital. Find out about the wide and specialist range of veterinary services available and meet the vets!	Life Sciences + Veterinary Science Area	F7
Tour	10.45am - 11.15am 11.30am - 12pm 1pm - 1.30pm 2pm - 2.30pm	Go on a guided tour of our campus farm and explore the paddocks with our Farm Manager. Make sure you get in early though - this activity fills up fast!	Farm and Wetlands Tours - Departure Point (Marquee)	E6
Course talk	11am - 11.45am 2pm - 2.45pm	Find out more about our courses in Conservation and Wildlife Biology, Biological Science, Marine Science, Marine Biology, Environmental Science and Environmental Management and Sustainability.	Building 235, Loneragan Lecture Theatre	D7
Tour & Activity	11.30am - 12pm 1pm - 1.30pm 2.30pm - 3pm	Drones are not restricted to the sky! Researchers are now using steerable submarine robots known as Remote Operated Vehicles (ROVs) to research marine and estuarine environments. Pilot a ROV for yourself and explore its underwater environment.	Tours departing from Building 240, Courtyard	D8
Course talk	12pm - 12.45pm 3pm - 3.45pm	Find out more about our courses in Forensic Biology and Toxicology, Clinical Laboratory Science, Laboratory Medicine, Biomedical Science and Genetics and Molecular Biology.	Building 235, Loneragan Lecture Theatre	D7
Activity	All day	Take part in a workshop which explores haematology (the study of blood), and using microscopes, check out our displays on parasitology and immunology. Plus, discover how well you know the human body and find out how a cat turned to bone!	Building 235, Level 3, Room 001	D7
Activity	All day	Take a walk on the wild side and meet some friends from Kanyana and Kaarakin Wildlife Centres. Also test your skill at pregnancy testing an artificial cow, meet some of our farm animals and find out more about the Centre for Sustainable Aquatic Ecosystems.	Life Sciences + Veterinary Science Area	F7
Activity	All day	Visit the Veterinary Anatomy Museum.	Building 250, Level 1, Room 027	E7
Activity	All day	Take part in some hands-on activities, including doing your own DNA analysis, extraction and profiling, and grain variety ID testing. Plus, have fun with insects, grains and fruits, and learn about biosecurity and the importance of food safety.	Building 240, Level 2, Rooms 049A & 050	D7
Activity & display	All day	Learn about caring for Quendas - from fun facts about them to how we can study and conserve them. Plus, find out about remote sensing and spatial data analysis and the recent RV Investigatory voyage, which explored the effects of climate change in the Indian Ocean.	Building 235, Level 4, Room 033	D7

Type	Time	What's Happening?	Location	Map Ref
Activity & display	All day	Make ocean currents using chocolates, investigate coral bleaching, play with meteorological toys and have a look at what the climate of WA will be like in the future. Also, hear about research and a potential undergraduate Field Intensive in Sabah, Malaysia for 2020.	Building 235, Level 4, Room 002	D7
Chat & information	All day	Chat to our academics about our courses in Agricultural Sciences, Environmental and Conservation Sciences, Medical, Molecular and Forensic Sciences and Veterinary Science.	Life Sciences + Veterinary Science Marquee	D6
Chat & information	All day	Chat to veterinarians from The Animal Hospital and find out about their services.	Bush Court	D4
Chat & information	All day	Talk to us about DNA sequencing and sequence analysis as we demonstrate how it works.	Building 240, Level 2, Room 046	D7
Display	All day	Meet students from the Murdoch University Environmental Science Association and the Murdoch University Divers Club - find out what they do and how you can get involved.	Building 235, Level 4, Room 001	D7
Display	All day	Find out more about the Western Barley Genetics Alliance Research Group, the Antimicrobial Resistance Group, and the Western Australian State Agricultural Biotechnology Centre, including the research these areas are working on.	Building 240, Courtyard	D8
Video lecture	All day	Watch a video lecture by Murdoch Professor of Agricultural Biotechnology, Professor Michael Jones. Hear about some interesting generically modified organism (GMO) facts.	Building 240, Level 2, Room 045	D8

8 Chiro + Counselling

Type	Time	What's Happening?	Location	Map Ref
Tour	10am - 3pm (Tours depart every hour)	Take a tour of our Chiropractic Clinic and Technique Shed, and learn more about the course, Back Talks and soft tissue massage techniques.	Building 490	G4
Tour	10am - 3pm (Tours depart every hour)	Take a tour of our Caladenia Counselling Clinic and find out more about our postgraduate Counselling and Creative Arts Therapies courses, and short course opportunities.	Building 490	G4
Activity	All day	Back Talks: have a chat with a Chiropractic student about any concerns you may currently be having with your back.	Building 490	G4
Activity	All day	Soft Tissue Massage: Be treated by our Chiropractic students and find out about the range of health services on offer at our on-campus clinic.	Building 490	G4
Chat & information	All day	Chiropractic course information: Talk to our academics and student mentors about Chiropractic Science.	Building 490	G4

Type	Time	What's Happening?	Location	Map Ref
Criminology talk & workshop	10am - 11am	False confessions - Explore criminology Examine why and how certain police interrogation tactics lead to false confessions, focussing on Andrew Mallard's case, the Birmingham Six and the Guildford Four. Murdoch Associate Professor, Guy Hall, was the expert witness for the defence who analysed the police interrogation, and in this workshop, he will go through his analysis.	Building 465, Herbert Smith Freehills Lecture Theatre	E3
Law talk	11.10am - 11.45am 1.30pm - 2.05pm	Why choose Law at Murdoch? Learn about our Bachelor of Laws and the unique and life-changing opportunities available for Law students, including mooting, internships and international experiences. Hear about our well-renowned Law Clinic, which has been delivering legal services to disadvantaged communities for over 20 years, and find out how you can be involved from your first year as a Murdoch Law student.	Building 465, Herbert Smith Freehills Lecture Theatre	E3
Mock trial	11.55am - 12.40pm 2.15pm - 3pm	Dating etiquette on trial - A Moot Court Bench mock trial Murdoch's Moot Court Bench students will demonstrate what might happen in a hypothetical scenario where "Ghosting" becomes outlawed, and an alleged offender is put to trial.	Building 465, Herbert Smith Freehills Lecture Theatre	E3
Criminology talk	12.50pm - 1.20pm	Serial killers - From children to monsters Serial killers. They fascinate us, but what do we really know about these offenders? Hear from our Senior Lecturers in Criminology, Dr David Keatley—an internationally recognised cold case consultant and criminal behaviour profiler, and Dr Jaimie Zander—an expert in child and animal cruelty. They'll discuss the life and times of serial killers, their backgrounds and the influences in their lives, with a focus on the "Killer Clown" and the "Milwaukee Monster".	Building 465, Herbert Smith Freehills Lecture Theatre	E3

Meet our friendly therapy dogs

11am - 3pm, Building 350, Library Foyer
[Map ref D4]

In collaboration with The Animal Hospital and the College of Veterinary Medicine, the Library has introduced a 'Pet Therapy' initiative where trained dogs visit the Library throughout the year to help our students and staff de-stress. Come and enjoy pats, cuddles, playtime and selfies!

Library activities.

Open to winter fun.

Experience the magic of our Winter Woods in the beautiful surrounds of Bush Court with a range of fun festivities for little and big kids too.

[Map ref A5]

- Grab a coffee and get cosy in one of our tipis
- Take a dip in our 'snow' ball pit
- Design your own mug
- Challenge someone to a big board game
- Take part in the art of Aboriginal rock painting and face painting
- Spin around the Ferris Wheel or Fiesta Balloon ride
- Create your own tea blend
- Jump on a Prince and Princess bouncy castle

Whether you're crafty or adventurous, there's something for everyone!

Love listening to live music?

Enjoy the talents of our local performers on Bush Court [Map ref A5] or head to the Winter Courtyard [Map ref C4] to listen to the One Big Voice music group, made up of primary and high school students.

Feeling hungry or thirsty?

A delicious range of local and international food and drinks will be available in our Student Hub [Map ref C4] and at our Pop-Up Food Court [Map ref D6].

Sound On Festival is back in 2019 and will be hitting RAC Arena on September 21.

Peking Duk, Ruel, G-Flip, Stevan and FlexMami are combining with The Indigo Project for a day of killer beats, good vibes, and a heap of activities including a glitter bar, gaming zone and silent disco. And we're bringing a little bit of Sound On to Open Day – get your glitter fix before hitting the silent disco in the Sound On tent [Map ref B5].
