

# APA Apprenticeship Program 2026

Apprenticeships consist of 3-6 years of years of both formal classroom training and onsite work experience, with the goal to obtain a trade certificate. After completion, there may be the opportunity for permanent employment and further career development with APA.

TAFE fees will be covered by APA, and all equipment, training and PPE will be provided.

**Applications will open 1<sup>st</sup> September**

The ideal APA apprentice is:

- motivated and eager to learn
- genuinely interested in a trade career
- reliable and committed
- team player with good communication skills
- safety-conscious

## Application Process

- Submit a cover letter and resume
- Phone screening
- Interview via Teams
- Site visit for shortlisted applicants  
The site visit will give you an idea of what a day on the job looks like so you can make a more informed decision if this career choice is for you.
- Job offer to successful applicants

## Work Experience

Not sure what's involved with a career at APA? We can offer work experience to give students an insight into the type of tasks involved in certain roles and exposure to different career options.

Work experience can range from one day to one week onsite, and available in a wide variety of either office-based and field roles.

Location	Trade	End Goal
