

A SUCCESSFUL PROGRAM

Atarget Revision and WACE Exam Preparation tutorials have a history of successfully supporting students to achieve their academic objectives. To view the students evaluations of past programs see the 'Program Feedback' tab at mastermindaustralia.com.au

ABOUT OUR TUTORS

The staff engaged to deliver these programs are experienced subject specialists. Some are heads of department, others are senior teachers and most have marking experience. They have all delivered similar programs in the past and the student feedback from these classes has always been excellent.

ABOUT OUR STUDENTS

Students from all WA schools attend our holiday programs on the CCGS campus and they all have one objective in common: to improve their understanding of the course content and increase their success in school-based assessments and exams.

JULY REVISION PROGRAM

The July Program is open to students from all Western Australian schools and will be held on the Christ Church Grammar School campus in the first week of the holidays.

THIS PROGRAM INCLUDES:

Study Skills: These tutorials contain five hours of teaching broken up into one hour a day for the five days. They focus on units such as exam techniques, stress management, goal setting and time management.

Essay Writing: The essay writing tutorials consist of five hours of teaching broken up into one hour a day for the five days. They re-teach the structure of a critical essay, reinforce the importance of constructing a sound thesis and topic sentences, and revise how to include evidence to justify these claims.

Subject Revision: These classes consist of ten hours of teaching broken up into two hours a day for the five days. The program consists of re-teaching and revision, and is designed to reveal to students how the work they have learnt will be assessed in their exams.

ATAR EXAM PREPARATION

The tutorials commence with a focus on specific topic revision followed by a discussion on how this material is assessed in ATAR-style exam questions. There is sufficient time within the ten hours for teachers to model how to answer exam questions successfully as well as time for students to independently practice constructing their own responses. All our ATAR teachers know what needs to be addressed to ensure students achieve success in their final examinations.

OLNA PREPARATION

The OLNA test measures the numeracy and literacy competence of students.

For those who did not prequalify through NAPLAN, passing the OLNA test is necessary to meet WA Certificate of Education requirements. The next testing window commences on 22 July.

The classes provide a comprehensive overview of the test and its content, and give the students the tools needed to successfully complete OLNA. Worked examples will accompany the teaching of the materials so students understand the types of questions that feature in the OLNA test.
