

# PORT MELBOURNE TEAMKIDS NEWSLETTER

## WHAT'S BEEN HAPPENING

Dear TeamKids Families,

Over the past two weeks, children have enjoyed a variety of engaging experiences that encouraged collaboration, creativity, problem-solving, and self-expression.

One of the highlights was our LEGO and Minecraft-inspired obstacle course challenge. Children worked together to design and construct their own obstacle courses, sharing ideas, negotiating roles, and creatively solving problems along the way. This experience fostered teamwork, communication skills, and imaginative thinking as children transformed their plans into exciting creations.

To celebrate Global Parents Day, children participated in meaningful discussions about the important role parents, carers, and family members play in their lives. They shared stories about their families and reflected on the many ways they feel supported and cared for. Following these conversations, children created beautiful woven paper hearts to express their appreciation and gratitude. This activity also supported the development of fine motor skills, concentration, and perseverance.

Our Construction Zone was another popular space, where children explored engineering and design through the creation of marble runs using magnetic tiles and tubes. Children experimented with different structures, tested their designs, and made adjustments to improve the movement of the marbles. Through hands-on exploration, they developed critical thinking skills, spatial awareness, resilience, and an understanding of cause and effect.

It has been wonderful to see children actively engaging in collaborative play, sharing ideas, and embracing challenges with enthusiasm. We look forward to more exciting learning experiences in the coming weeks!

## IMPORTANT DATES

 **Week 2 – Week 10**

The TK Big Skip

 **8<sup>th</sup> June**

King's Birthday & World Oceans Day

 **29<sup>th</sup> June – 10<sup>th</sup> July**

Winter Vacation Care
