Camp Australia -Deer Park West Primary School OSHC – October Newsletter

Dear Parents,

A big warm welcome to all from Your OSHC by CAMP Australia, where Fun and Learning Never End ,lets jump into new adventures together.

What's been happening?

At OSHC the children have been involved in making candle holder whilst celebrating the Indian Festival Diwali and participated in wearing Indian cultural costume, it was great way for children to understand and celebrate diversity also better insight into some of the traditions and customs their friends might practice, children learnt to respect individual differences and able to construct their own social identity.

The Children practiced some experiences with recycled materials. They learnt more about sustainability and the importance of their environment. Recycling does not only teach the children about taking care of their environment but also teaches them not to waste and to repurpose or reuse items. The children used recycled paper to make origami creations aeroplanes, boats etc

We discussed about preserving landfill space which would also reduce pollution and discussed that each ton of recycled paper can save other trees in our environment.
