

2026 Term 1 'Meet the Teacher' Parent-Teacher Meetings (Years 1-6)

On Wednesday, 11 February parents are invited to participate in the 'Meet the Teacher' Parent Teacher Meetings.

Students are expected to attend school for the whole day. As classroom teachers are meeting with parents, there will be changes to the dismissal locations that will be communicated to parents prior to the day.

Teachers already have an insight into each child in their classroom but would like to find out as much as they possibly can. These meetings are an opportunity for teachers to learn about a range of things that may include a student's strengths and challenges, how they might be settling into 2026, medical or personal concerns, outside interests, parental expectations, and/or parental availability for volunteering in classrooms.

Further formal student updates will happen during the mid-year report cycle. If there are any concerns in the meantime, parents can arrange a meeting by contacting their child's teacher.

Bookings are made online, through Compass, which streamlines the process for both families and the school. You will need to make your own booking online, choosing the specific time/s that suit you best. Simply go to the Community Icon (People) and choose Conferences. A link to instructions can be found as you make your booking. **Please contact the office to book an interpreter before 10:00am on Monday 2 February.**

Ten minutes will be allocated to each meeting for the purpose of exchanging information. It is not possible to spend more than this time with any family, so we ask, if further time is required, that an appointment be made for a later time and date. Attached to this note is a Parent Teacher Meeting Survey that will help both parents and teachers prepare. **Please ensure the attached form is completed and shared with the teacher by Monday 9 February.**

Online bookings open at 5:00pm on Thursday 29 January and are open and close at 9:00am on Monday 9 February. Please keep in touch with Compass for the latest updates.

Thank you,

Jeff Jackson
Principal

Justine Convery
Assistant Principal

2026 Term 1
'Meet the Teacher' Parent Teacher Meetings
Parent Survey

Student Name

Class

These questions will help teachers and parents prepare for Parent Teacher Interviews scheduled for Wednesday 11 February. **Please ensure that this is returned to the classroom teacher by Monday 9 February.**

How would you describe your child?

How do you feel your child is settling into their new class?

What is your child passionate about?

What challenges your child or is difficult for them?

My child learns best when ...

Are there any medical concerns of which we need to be aware? (eg. allergies, asthma, etc)

Are there family routines or relationships that the teacher needs to be aware of? (eg. pickups, family structures, etc)

Is there anything else you would like to share that will help make 2024 a successful year for your child?
