* Very Early Bird enrolments only and for full programme.

Welcome Parents & Students

Welcome to the AEC 2017 Spring Year 11 and Year 12 SACE Revision Seminar Programme. This year, AEC celebrates 38 years of service to parents and students in Adelaide. In this time, AEC has moulded a dynamic and experienced group of specialist seminar leaders, many of whom are past SACE Board markers and setters. These professionals have a passion for their respective subjects and a genuine concern for the effective transfer of knowledge to students of all ability levels. The seminars conducted by AEC are well respected in the education community with student and parent testimonials validating this respect.

Value and service....

We understand that many students pay for these courses themselves..... that's why we initiated an early bird special so that you can still receive value in a service without compromised quality.....that's real student value! Courses conducted 4 times a year! Repeat programmes over week 1 and week 2, giving you MORE flexibility to plan ahead. Considerable savings per subject compared to comparable seminars....that's incredible value! Revision Guides and Revision Notes individually tailored for each group level by the actual presenter of the seminar!....that's personalised value! Experienced staff ready to answer your questions regarding the seminars, our resources or tuition Monday to Friday 8.30 - 5.30pm...that's great service! An interactive website where you can enrol online for Revision Seminars and/or Tuition, 24 hours a day...that's smart service! Last year's seminars averaged less than 10 students per group, creating an idyllic learning environment!

Experience....

Our 38th year as a leading private education and training organisation says it all. The Director with over 10 years' experience as a Year 12 teacher and Year 12 Coordinator, has a natural and genuine empathy for the needs of parents and students in this final year. These concerns and values are shared by a dedicated team of seminar presenters and team coordinators/ advisors each with varying degrees of educational and industrial experience.

Venue and times....

The AEC Year 11 and 12 SACE Programme will be conducted at 253 Franklin Street at St Mary's College, near West Terrace. The College offers an idyllic learning environment, state of the art training facilities, FREE Car Parking for students off Grote Street, easy "drop off-pick up" access at the front of the College on Franklin Street and is within easy walking distance of trains (via the City Loop 99C bus), trams and bus stops including the Franklin Street Bus Station.

Yr 12's: AM Seminars: 9.30am - 12.30pm PM Seminars: 1.30pm - 4.30pm
Yr 11's: AM Seminars: 9.30am - 12.30pm PM Seminars: 1.30pm - 4.30pm

If students are taking morning and afternoon sessions they can bring their own lunch, or access the numerous cafes in Grote Street, Franklin St and West Terrace. Further information concerning the venue and car parking facilities will be forwarded with the Confirmation of Enrolment.

SACE Stage 1 Subjects

11 Mathematics

Tue 3 - Thu 5 October: 9.30 am - 12.30 pm

Topics 1 to 6 below prepare students for end of year exams and for the study of Stage 2 Mathematical Methods.

Day 1. Topic 1: Functions and Graphs.

Topic 2: Polynomials

Day 2. Topic 3: Trigonometry.

Topic 4: Counting and Statistics.

Day 3. Topic 5: Growth and Decay.

Topic 6: Introduction to Differential Calculus

11 Physics

Tue 3 - Thu 5 October: 1.30 pm - 4.30 pm

Topics 1 to 6 below prepare students for the end of year exam and for the study of Stage 2 Physics.

Day 1. Topic 1: Linear Motion and Forces

Topic 2: Electric Circuits

Day 2. Topic 3: Heat

Topic 4: Energy and Momentum

Day 3. Topic 5: Waves

Topic 6: Nuclear Models and Radioactivity.

11 Chemistry

Tue 10 - Thu 12 October: 9.30 am - 12.30 pm

Topics 1 to 6 below prepare students for the end of year exam and for the study of Stage 2 Chemistry.

Day 1. Topic 1: Materials and Their Atoms

Topic 2: Combinations of Atoms

Day 2. Topic 3: Molecules

Topic 4: Mixtures and Solutions

Day 3. Topic 5: Acid and Bases

Topic 6: Redox Reactions

11 English

Tue 10 - Thu 12 October: 1.30 pm - 4.30 pm

Topics below prepare students for the end of year exams and for the study of Stage 2 English.

Day 1. Responding to Texts

Day 2. Creating Texts

Day 3. Intertextual Study

11 Essay/Report Writing

Mon 2 - Thu 4 October: 9.30 am - 12.30 pm

Day 1. Getting Started. Elements of an essay.

Day 2. How to write an essay. Research. Planning. Planning under pressure. Essay Writing Flowchart.

Day 3. Essential points. Subject matter. The question. Relevance.

Framework. Evidence. Drafting. Develop your writing style.

Approaching test and exam essays and questions.

12 Physics

Week 1: Mon 2 Oct - Fri 6 Oct: 9.30 am - 12.30 pm or

Week 1: Mon 2 Oct - Fri 6 Oct: 1.30 pm - 4.30 pm or

Week 2: Mon 9 Oct - Fri 13 Oct: 9.30 am - 12.30 pm or

Week 2: Mon 9 Oct - Fri 13 Oct :1.30 pm - 4.30 pm

Day 1. PM, UCM, Gravitation, Momentum

Day 2. Electric fields, Magnetic fields

Day 3. EM waves, Interference of light, Photons

Day 4. Matter waves, Atom, Nucleus

Day 5. Radioactivity, Fission, Fusion, Practical question analysis,

Extended Response techniques, Exam preparation Strategies

Seminar Leader: Mr Hiwa Jaldiani BSc Grad Dip Ed M Ed

Hiwa is an experienced senior SACE Physics teacher in a leading independent college in South Australia. He is also the SACE moderator and marker. Hiwa's graphical demonstrations are popular internationally and they will assist his students to understand all key concepts of the syllabus. Hiwa integrates the connection between theory and exam style questions in his teaching successfully. Many of Hiwa's students achieve the perfect 20.

12 Chemistry

Week 1: Mon 2 Oct - Fri 6 Oct: 9.30 am - 12.30 pm or

Week 1: Mon 2 Oct - Fri 6 Oct: 1.30 pm - 4.30 pm or

Week 2: Mon 9 Oct - Fri 13 Oct: 9.30 am - 12.30 pm or

Week 2: Mon 9 Oct - Fri 13 Oct :1.30 pm - 4.30 pm

Day 1. Skills. Analytical Techniques.

Day 2. Elemental & Environmental Chemistry.

Day 3. Using & Controlling Reactions.

Day 4. Organic & Biological Chemistry.

Day 5. Complete Organic Chemistry. Materials.

A critical look at essay construction and presentation will be an integral part of this course as will exam preparation procedures.

Seminar Leader: Mr Ian Kershaw BSc Dip Ed

Ian has been teaching SACE Chemistry for over 30 years & has been a SACE Chemistry marker for 13 years. Ian is the author of the Chemistry Fundamentals Revision Guide and Solutions Guide and has assisted a number of his students to 20/20.

12 Biology

Week 1 & 2 / am or pm

Week 1: Mon 2 Oct - Fri 6 Oct: 9.30 am - 12.30 pm or

Week 1: Mon 2 Oct - Fri 6 Oct: 1.30 pm - 4.30 pm or

Week 2: Mon 9 Oct - Fri 13 Oct: 9.30 am - 12.30 pm or

Week 2: Mon 9 Oct - Fri 13 Oct :1.30 pm - 4.30 pm

Day 1. Trophic levels. Reproductive strategies. Evolution: DNA, natural selection.

Day 2. Tissues, organs, systems. Stimulus-response model. Temperature regulation. Exchange surfaces: capillaries, alveolus, nephron, villus.

Day 3. Energy: photosynthesis, respiration, ATP. Cell culture. Chromosome number. Mitosis, Meiosis.

Day 4. Surface area: volume ratio. Organelles. Cytoskeleton. DNA structure. Transcription, translation. Protein structure.

Day 5. Polysaccharides, lipids. Cell membrane: diffusion, active transport, osmosis. DNA replication. Enzymes. Manipulation of DNA.

The seminars will also discuss tips and techniques for the exam, including the theory underlying practical work. Students will have daily opportunities to practise questions.

Seminar Leader: Mr John Seymour MA Dip Ed Dip TESOL

John has teaching, lecturing and exam marking experience extending over more than 40 years, and is a former member of the SACE Board Biology Syllabus Committee. Students appreciate his clear explanation of concepts through computer presentations. John is the author of the Fundamentals Biology Revision Guide Notes.

12 Psychology

Week 1: Mon 2 Oct - Fri 6 Oct: 9.30 am - 12.30 pm or

Week 2: Mon 9 Oct - Fri 13 Oct: 9.30 am - 12.30 pm

Day 1. Introduction to Psychology and Social Cognition:

Attitude structure & function, social comparison & impressions.

Application to personal & social issues.

Day 2. Learning:

Classical, operant and observational learning. Application to personal & social issues, ethics and investigation designs.

Day 3. Personality:

Psychodynamic, humanistic, trait concepts of personality.

Application to personal & social issues, ethics & investigation designs.

Day 4. Psychobiology of Altered States of Awareness:

Circadian rhythms. Sleep patterns. Psychological & physiological arousal. Stress & effect on health. Principles concerning altered state of awareness. Application to social issues. Investigation designs & methods of assessing psychological responses. Ethical issues.

Day 5. Healthy Minds: What is a healthy mind? Experiences, events & interventions. Social issues & personal growth.

Methods of Investigation. Ethical Issues.

Seminar Leader: Ms Stephanie Coxhill BSc BEd

Stephanie has many years experience teaching Year 12 Psychology and has been a SACE Stage 2 Psychology Exam marker and a SACE Stage 2 Psychology subject moderator. Stephanie has a passion for Psychology and enjoys assisting students achieve academic success in this subject. Stephanie uses the Fundamentals Psychology Revision Guide authored by Ms Susan Armfield.

12 Physical Education

Week 1: Mon 2 Oct - Fri 6 Oct: 1.30 pm - 4.30 pm or

Week 2: Mon 9 Oct - Fri 13 Oct :1.30 pm - 4.30 pm

Day 1. What are the sources of energy for physical performance?

Sources of nutrients: fats, carbohydrates, protein. Chemical breakdown of nutrients: Aerobic & anaerobic energy: ATP-CP system, lactic acid system, oxygen system. Contribution of energy systems in specific activities. Acute response to exercise.

Day 2. Effects of training and evaluation on physical performance?

Chronic responses to aerobic & anaerobic training. Analysis of energy demands of sport & training prescriptions. Measurement & monitoring of fitness. Training principles and methods.

Day 3. How can specific physiological factors affect performance?

Body stature & composition. Environmental considerations & Performance. Nutrition & physical performance. Patterns of physical activity. Population trends in physical activity. Determinants of, & barriers to physical activity. Health benefits of physical activity.

Day 4. How skill is acquired. Factors affecting learning. Psychology of Learning and performance of physical skills.

Day 5. How can biomechanics improve skilled performance? Motion. Speed.

Summation of force, direction & impact. Leverage. Equilibrium.

Centre of mass. Technology & performance.

A critical look at past exam questions will be integrated into all sessions.

Seminar Leader: Mr Terry Jones BA Dip Ed

Terry is an experienced Year 12 PE teacher with many years of teaching experience at Year 12 level. Terry's enthusiastic presentations have assisted many year 12's attain excellent results. Terry uses the Fundamentals Physical Education Revision Guide.

"Fantastic! Thorough revision seminars. I'm so much more confident with Chemistry now." J. Dalwood

"Good form of revision. It sometimes is helpful to hear things from a different perspective." R. Halacus

"Great seminars. I'm ready for my exam now!" A. James

12 Economics

Week 2: Mon 9 Oct - Thu 12 Oct: 9.30 am - 12.30 pm

Day 1. Microeconomics-Prices, Market Structure and Market Failure.
Day 2. Macro Economic Objectives and their Measurement.
Day 3. Aggregate Demand/Aggregate Supply Model. Macroeconomic Objectives.
Day 4. Economic Policy-Demand Management and Supply Management. Global Issues-Globalisation and Global Poverty.
Essay writing principles and exam techniques specific to Economics are incorporated throughout the programme.

Seminar Leader: Dr Brian Bentick PhD MA MComm
Brian is a previous Chief Examiner in SACE Economics and has extensive experience in schools and universities throughout Australia and the USA. Brian uses the Fundamentals Economics Revision Guide authored by Mr Jon Inge.

12 Accounting

Week 1: Mon 2 Oct - Fri 6 Oct: 1.30 pm - 4.30 pm

Day 1. Accounting Concepts. Accounting & Decision Making Processes. Break-Even Analysis. Classified Reports including Cash Flow Statements, Income Statements and Balance Sheets.
Day 2. Recording Process. Subsidiary Ledgers. Balance Day Adjustments.
Day 3. Depreciation. Doubtful Debts.
Day 4. Inventories. Bank Reconciliation. Budgets.
Day 5. Financing the Business. Ratio Analysis. Company Reports. Report Writing. Exam Techniques.

Seminar Leader: Ms Helen Willmer Dip T
Helen has been teaching Accounting for over 20 years and is a past SACE marker and SACE Accounting moderator. Helen has assisted numerous students over many years attain excellent results. Helen uses the Accounting Fundamentals authored by Marlene Cruickshank.

12 Legal Studies

Week 1: Mon 2 Oct - Fri 6 Oct: 9.30 am - 12.30 pm or

Week 2: Mon 9 Oct - Fri 13 Oct: 9.30 am - 12.30 pm

Day 1. The Australian Legal System.
Day 2. Constitutional Government.
Day 3. Justice Systems.
Day 4. Civil and Criminal Justice Systems.
Day 5. Examination critique:
Part A: Short Responses.
Part B: Extended Responses.
Exam questions and solutions will be integrated into the programme.

Seminar Leader: Mr Matthew Williams BA BE
Matt has been teaching Stage 1 and Stage 2 Legal Studies for over 10 years and is a member of the Legal Education Teachers's Association of SA. Matt's energy and passion for the subject has generated numerous 20's for his students over the years.

"If you want a good mark for Year 12, go to AEC." - Henry McQuinn

"The most useful holiday programme I have ever been to. There is no doubt these seminars helped my results improve by at least 15%." M. Dimauro

"I found them very useful and able to reinforce a lot of information that I had either difficulty with or had forgotten over the course of the year." G. Tolhurst

"Thank you so much for all your help! Came here with absolutely no idea what I was doing in Chem. I am now much less overwhelmed about what I need to get the hang of in the next few weeks." Annabel F.

12 Nutrition

*Week 1: Mon 2 Oct - Fri 6 Oct: 1.30 pm - 4.30 pm or
Week 2: Mon 9 Oct - Fri 13 Oct :1.30 pm - 4.30 pm*

- Day 1. The Fundamentals of Human Nutrition. Macronutrients. Micronutrients. Digestion. Malabsorption syndrome. Metabolism.
- Day 2. Diet, Lifestyle and Health:
Contemporary disorders related to diet and lifestyle.
Prevention, control & reversal of symptoms.
Lifestyle factors. Role of physical activity.
- Day 3. Food Selection and Dietary Evaluation:
Nutritional requirements and awareness.
Influence of physiological, psychological, economic and social factors.
- Day 4. Food, Nutrition and the Consumer:
Practices of domestic & commercial producers, manufacturers & distributors of food. Role of consumer. Role of mass media.
- Day 5. Option Analysis: Global nutrition and Ecological sustainability.
Global hunger.
-

Essay Writing

*Week 2: Mon 9 Oct - Thu 12 Oct: 9.30 am - 12.30 pm
Suitable for SACE and IB students.*

- Day 1. Getting Started. Elements of an essay.
- Day 2. How to write an essay. Research. Planning. Planning under pressure.
Essay Writing Flowchart.
- Day 3. Essential points. Subject matter. The question. Relevance.
Framework. Evidence. Drafting. Legible & efficient writing.
Develop your writing style. Exercises. Referencing.
- Day 4. Approaching test and exam essays and questions: in-class and essays under supervision. How to prepare and respond to exam questions. Writing Extended Essays.
-

12 English Literature

Week 2: Mon 9 Oct - Wed 11 Oct: 9.30 am - 12.30 pm

- Day 1. Responding to texts – including the Critical Perspectives Task.
- Day 2. Workshop....Individual approach towards each student's progress.
- Day 3. Exam Preparation Skills specific to English Literary Studies.

Seminar Leader: Ms Kay Brindal, B.A. Dip Ed.

Kay has been a teacher of Stage 2 English since 1990, specialising in English Studies (now English Literary Studies) since 1994.

Kay has held the position of Head of English in various schools over a number of years.

12 Modern History

Week 2: Mon 9 Oct - Thu 11 Oct :1.30 pm - 4.30 pm

- Day 1. Source Analysis.
- Day 2. Thematic Study
- Day 3. Depth studies.
- Day 4. Essay Analysis.
-

12 Geography

Week 2: Mon 9 Oct - Wed 11 Oct :1.30 pm - 4.30 pm

- Day 1. Mapping Skills.
- Day 2. Population, Resources, Ecosystem Model, Sustainable Development.
- Day 3. Water, Examination procedure and answering technique.
Individual requests will be accommodated in a small group format.
Exam strategies will be integrated into the above topics.

IB SL & HL Subjects

IB Maths SL

Mon 2 Oct - Fri 6 Oct: 1.30 pm - 4.30 pm

Day 1: Topic 1&2: Algebra, Functions and Equations

Day 2: Topic 3: Circular Functions and Trigonometry

Day 3: Topic 4: Vectors

Day 4: Topic 5: Statistics and Probability

Day 5: Topic 6: Calculus

IB Maths HL

Mon 2 Oct - Fri 6 Oct: 9.30 am - 12.30 pm

Day 1. Algebra & Equations.

Day 2. Circular Functions & Trigonometry.

Day 3. Vectors.

Day 4. Calculus.

Day 5. Statistics and Probability

IB Physics SL & HL

Mon 9 Oct - Fri 13 Oct: 1.30 am - 4.30 pm

Day 1. Topic 2: 2.1 Motion, 2.2 Forces

Day 2. Topic 2: 2.3 Work, Energy, Power, 2.4 Momentum and Impulse

Day 3. Topic 3: 6.1 Circular Motion. 6.2 Newton's Law of Gravitation

Day 4. Topic 6: 3.1 Thermal Concepts. 3.2 Modelling a gas

Day 5.

IB Chemistry SL

Mon 9 Oct - Fri 13 Oct: 9.30 am - 12.30 pm

Day 1. Stoichiometric relationships.

Gas Laws. Atomic Structure. Periodicity.

Day 2. Chemical bonding and structure. Energetics/Thermochemistry.

Day 3. Chemical kinetics. Equilibrium.

Day 4. Acids and bases.

Day 5. Redox processes. Organic chemistry.

Measurement and data processing.

IB Biology SL & HL

Mon 2 Oct - Thu 5 Oct: 1.30 pm - 4.30 pm

Day 1. Statistics. Cells (Topic 2). Genetics (Topics 4, 10)

Day 2. Biochemistry (Topics 3, 7, 8)

Day 3. Ecology (Topic 5). Plant Science (Topic 9)

Day 4. Human Physiology (Topics 6, 11)

IB Economics SL & HL

Mon 9 Oct - Thu 12 Oct: 1.30 pm - 4.30 pm

Day 1. IB Syllabus expectations. Exam Techniques. The Economic Problem.

Day 2. Micro economics. Exam Style Questions.

Day 3. Macro economics. Exam Style Questions.

Day 4. Trade. Development. Exam Style Questions.

Essay/Writing

Mon 9 Oct - Thu 12 Oct: 9.30 am - 12.30 pm

MODERN
APPRENTICESHIP
PROGRAM

Some cars are built.
Some are engineered.
A Jaguar is created.
A rare blend of art and
performance, science
and beauty.

INTRODUCTION

People are at the heart of the Jaguar culture, which is one of innovation, progress and a desire to deliver exceptional service.

We recognise that we can only achieve our business goals by attracting and developing the most talented people, affording them the right development and the means and motivation to realise their full potential.

We attract, develop, reward and recognise the broad range of individuals who build our success. They deserve a great place to work – one which they can feel proud of, a place of warmth, support and enthusiasm.

THE JAGUAR MODERN APPRENTICESHIP PROGRAM

The Jaguar Modern Apprenticeship Program has been designed to equip you with the relevant skills and knowledge to become fully qualified in your chosen career as a Service Technician or Parts Specialist.

The Apprenticeship lasts for four years (three years block release at the Academy) and consists of a variety of workplace and off-the-job training. Your career will be fully supported to help you successfully complete the Program. Few businesses can offer their employees such diversity, challenges, excellent training and career development prospects. Jaguar offer a wide choice of attractive career opportunities for all levels of experience, aptitude and personality types – whether you are technically minded, a ‘numbers’ person or more people oriented.

Every Apprentice is encouraged to demonstrate initiative and contribute his or her own ideas for improving customer service and developing the business. But this approach requires a special type of person. You must have the ambition to contribute and succeed in a fast-paced, results oriented environment and strive to be the best in everything you do.

Throughout Jaguar we have a rigorous commitment to quality and excellence.

Our products are highly acclaimed, our processes for distribution and support services are world class and we have some of the most technologically Modern resources in any industry. We have a reputation for providing the best and most genuine customer retail experience to every person visiting our Retail Centres. We want you to be part of this delivery.

THE JAGUAR COMMITMENT

Jaguar is committed to the continuous development of the skills and knowledge of its people through training, coaching and distance learning. For Jaguar to maintain its excellent reputation, employees need to be kept up-to-date with changes in technology and commercial developments that affect the delivery of customer satisfaction and business objectives. We therefore invest heavily in training, making our people some of the best trained in the industry. A career with Jaguar is a very unique and rewarding experience.

HOW THE PROGRAM WORKS

The Jaguar Modern Apprenticeship Program is designed to train and develop Apprentices to keep pace with advancing technology and high levels of customer service.

The Jaguar Modern Apprenticeship Program provides school leavers and mature age students with an exciting and challenging opportunity to receive formal qualifications through extensive product training while in full-time employment. Utilising the national network of Jaguar Retail Centres, Jaguar offers a comprehensive Modern Apprenticeship Program (delivered via its appointed training services provider - Vantage Automotive Pty Ltd RTO ID 91034).

Throughout this program, you will be working towards AUR30616 Certificate III in Light Vehicle Mechanical Technology or AUR31016 Certificate III in Automotive Sales.

Jaguar has approved the Modern Apprenticeship Program structure and will provide vehicles, training rigs, tools and materials to ensure the apprenticeship is relevant to the marque.

The off - the - job training will be undertaken at a dedicated Jaguar Training facility. The training will be residential and delivered in 8 x 1 week blocks each year (7 weeks over 2 years for Sales/Parts) throughout the Program. In addition, Jaguar's own technical trainers will deliver product specific courses, keeping apprentices up-to-date with Jaguar's latest technology.

PROGRAMS THE CHOICE IS YOURS

As a Service Technician you will be involved in all aspects of maintenance and repair from routine servicing to the complete component overhaul of vehicle systems. Electronic fault diagnosis using the latest diagnostic equipment now forms part of everyday routine in Jaguar Retail Centres.

Technicians are also vital to customer care. The service provided by the workshop is a major factor considered by customers when they decide to replace their car.

As a Parts Interpreter, you will be involved in all aspects of the Parts Department from warehousing to customer service. You will be involved in all facets of Automotive Sales from retail to trade including identification and distribution of parts. Where the Service Technician requires a keen interest in the automotive industry, Parts Interpreters will be customer focused with good interpersonal and communication skills. In either role, you will be fully committed to completing the course.

THE BENEFITS

- Full-time employment at a Jaguar Retail centre
- Block release tuition at our centralised training headquarters plus continual assessment in the workplace
- Exclusive use of Jaguar vehicles, literature and tools
- Nationally recognised qualifications
- Distance learning
- Level II Service Technician status in the Jaguar Global Technical Learner Journey
- A real opportunity for a career in an exciting industry

QUALIFICATIONS

- AUR30616 Certificate III in Light Vehicle Mechanical Technology
- AUR20216 Certificate II in Automotive Air Conditioning Technology
- Jaguar Level II Service Technician Status
- AUR31016 Certificate III in Automotive Sales (Parts Specialist)

ABOVE AND BEYOND

MODERN APPRENTICESHIP PROGRAM

People are at the heart of the Land Rover culture, which is one of innovation, progress and a desire to deliver exceptional service.

We recognise that we can only achieve our business goals by attracting and developing the most talented people, affording them the right development and the means and motivation to realise their full potential.

We attract, develop, reward and recognise the broad range of individuals who build our success. They deserve a great place to work – one which they can feel proud of, a place of warmth, support and enthusiasm.

THE LAND ROVER MODERN APPRENTICESHIP PROGRAM

The Land Rover Modern Apprenticeship Program has been designed to equip you with the relevant skills and knowledge to become fully qualified in your chosen career as a Service Technician or Parts Specialist.

The Apprenticeship lasts for four years (three years block release at the Academy) and consists of a variety of workplace and off-the-job training. Your career will be fully supported to help you successfully complete the Program. Few businesses can offer their employees such diversity, challenges, excellent training and career development prospects. Land Rover offer a wide choice of attractive career opportunities for all levels of experience, aptitude and personality types – whether you are technically minded, a 'numbers' person or more people oriented.

Every Apprentice is encouraged to demonstrate initiative and contribute his or her own ideas for improving customer service and developing the business. But this approach requires a special type of person. You must have the ambition to contribute and succeed in a fast-paced, results oriented environment and strive to be the best in everything you do.

THE LAND ROVER COMMITMENT

Throughout Land Rover we have a rigorous commitment to quality and excellence.

Our products are highly acclaimed, our processes for distribution and support services are world class and we have some of the most technologically modern resources in any industry. We have a reputation for providing the best and most genuine customer retail experience to every person visiting our Retail Centres. We want you to be part of this delivery.

Land Rover is committed to the continuous development of the skills and knowledge of its people through training, coaching and distance learning. For Land Rover to maintain its excellent reputation, employees need to be kept up-to-date with changes in technology and commercial developments that affect the delivery of customer satisfaction and business objectives. We therefore invest heavily in training, making our people some of the best trained in the industry. A career with Land Rover is a very unique and rewarding experience.

HOW THE PROGRAM WORKS

The Land Rover Modern Apprenticeship Program is designed to train and develop Apprentices to keep pace with advancing technology and high levels of customer service.

The Land Rover Modern Apprenticeship Program provides school leavers and mature age students with an exciting and challenging opportunity to receive formal qualifications through extensive product training while in full-time employment. Utilising the national network of Land Rover Retail Centres, Land Rover offers a comprehensive Modern Apprenticeship Program (delivered via its appointed training services provider - Vantage Automotive Pty Ltd RTO ID 91034).

Throughout this program, you will be working towards AUR30616, Certificate III in Light Vehicle Mechanical Technology.

Throughout this program, you will be working towards AUR30616 Certificate III in Light Vehicle Mechanical Technology or AUR31016 Certificate III in Automotive Sales.

The off - the - job training will be undertaken at a dedicated Land Rover Training facility. The training will be residential and delivered in 8 x 1 week blocks each year (7 weeks over 2 years for Sales/Parts) throughout the Program. In addition, Land Rover's own technical trainers will deliver product specific courses, keeping apprentices up-to-date with Land Rover's latest technology.

THE CHOICE IS YOURS

As a Service Technician you will be involved in all aspects of maintenance and repair from routine servicing to the complete component overhaul of vehicle systems. Electronic fault diagnosis using the latest diagnostic equipment now forms part of everyday routine in Land Rover Retail Centres.

Technicians are also vital to customer care. The service provided by the workshop is a major factor considered by customers when they decide to replace their car.

As a Parts Interpreter, you will be involved in all aspects of the Parts Department from warehousing to customer service. You will be involved in all facets of Automotive Sales from retail to trade including identification and distribution of parts.

Where the Service Technician requires a keen interest in the automotive industry, Parts Interpreters will be customer focused with good interpersonal and communication skills. In either role, you will be fully committed to completing the course.

THE BENEFITS

- Full-time employment at a Land Rover Retail centre
- Block release tuition at our centralised training headquarters plus continual assessment in the workplace
- Exclusive use of Land Rover vehicles, literature and tools
- Nationally recognised qualifications
- Distance learning
- Level II Service Technician status in the Land Rover Global Technical Learner Journey
- A real opportunity for a career in an exciting industry

THE QUALIFICATIONS

- AUR30616 Certificate III in Light Vehicle Mechanical Technology
- AUR20216 Certificate II in Automotive Air Conditioning Technology
- Land Rover Level II Service Technician Status
- AUR31016 Certificate III in Automotive Sales (Parts Specialist)

ŠKODA
SIMPLY CLEVER

ŠKODA

Modern Apprenticeship Program

Introduction

People are at the heart of the ŠKODA culture, which is one of innovation, progress and the desire to deliver a premium customer experience.

We recognise that we can only achieve our business goals by attracting and developing the most talented people, affording them the right development opportunities, with the means and motivation to realise their full potential.

We attract, develop, reward and recognise the broad range of individuals who build our success. They deserve a great place to work, one which they can feel proud, a place of warmth, support and enthusiasm.

The ŠKODA Modern Apprenticeship Program

The automotive industry is one of rapid innovation, technological advancement and constant change. The skills required to remain abreast of this ever-evolving environment place immense focus on education and training.

The ŠKODA Modern Apprenticeship Program has been designed to equip you with the relevant skills and knowledge to become fully qualified in your chosen career.

The Apprenticeship spans over four years (three years of off-the-job training within the ŠKODA Academy) and consists of a variety of workplace and off-the-job training. Your career is given the full support of ŠKODA Australia to help you in successfully completing the Program.

Every Apprentice is encouraged to demonstrate initiative and contribute his or her own learning, ideas for improving the customer experience and developing the business. But this approach requires a special type of person. You must have the ambition to contribute and succeed in a fast-paced, results oriented environment and strive to be the best in everything you do.

The ŠKODA Commitment

Throughout ŠKODA we have a rigorous commitment to quality and excellence. Our products are highly acclaimed, our systems and processes are class leading and we have some of the most technologically advanced vehicles in the industry. We have a commitment to providing a premium customer experience to every person visiting our dealerships. We want you to be part of this delivery.

ŠKODA is committed to the continuous development of the skills and knowledge of its people, through training, coaching and distance learning. For ŠKODA to maintain its excellent reputation, employees need to be kept up-to-date with changes in technology and commercial developments that affect the delivery of customer satisfaction and the business objectives. We therefore invest heavily in training; from the training methods and equipment to the state-of-the-art facilities, to making our people some of the most highly skilled in the industry. A career with ŠKODA is a very unique and rewarding experience.

How the Program Works

The ŠKODA Modern Apprenticeship Program structure has been approved by ŠKODA Australia and is designed to train and develop Apprentices to keep pace with advancing technologies. The high levels of customer service necessary are reflected by ŠKODA in the training environment by providing the program with vehicles, demonstration parts, training aids, tools and materials to ensure the apprenticeship is relevant to the marque.

In addition, the ŠKODA Modern Apprenticeship Program provides school leavers with an exciting and challenging opportunity to receive formal qualifications through extensive product training whilst within full-time employment. ŠKODA offers a comprehensive four-year Advanced Apprenticeship Program via its network of ŠKODA dealers.

Throughout this program, you will be working towards and upon successful completion you will achieve:

- › AUR30616, Certificate III in Light Vehicle Mechanical Technology
- › AUR20216 Certificate II in Automotive Air Conditioning Technology (required for national licence attainment)
- › ŠKODA Recognised "Service Technician" Qualification

The off the job training will be undertaken within the ŠKODA Australia Academy facilities. The training will be residential and delivered in 8 x 1 week blocks throughout the Program. In addition, ŠKODA's own special technical trainers deliver product specific content that apprentices can attend (if prerequisites met) ensuring keeping up-to date with ŠKODA's latest technology.

Programs - The choice is yours

As a Service Technician you will be involved in all aspects of diagnosis, maintenance and repair from routine servicing to the complete fault finding and component overhaul of vehicle systems. Electronic fault diagnosis using the latest diagnostic equipment now forms part of everyday routine in ŠKODA dealers.

Technicians are critical to customer care. The customer experience provided by the aftersales department is a major factor considered by customers when they decide to upgrade their vehicle.

To be successful, you are required to have a keen interest in the motor vehicle industry, to be committed to your own learning and completing the program as well as have aspirations for a long term career within the industry.

Benefits

- › Full-time employment at a ŠKODA Dealer.
- › Block release tuition at our ŠKODA Learning Centre plus continual assessment in the workplace.
- › Exclusive use of ŠKODA vehicles, demonstration parts, training aids, literature and special tools.
- › Nationally recognised qualifications.
- › Distance learning.
- › Service Technician status through completion of the ST1 & ST2 courses within the ŠKODA Technical Training Qualification Pathway.
- › A real opportunity for a career in an exciting industry

Qualifications to Achieve

- › AUR30616 Certificate III in Light Vehicle Mechanical Technology
- › ŠKODA Recognised "Service Technician" Qualification
- › AUR20216 Certificate II in Automotive Air Conditioning Technology.

NAB

School-Based Traineeships

**Start a traineeship in customer service today
with National Australia Bank**

Multiple positions across South Australia

NAB, in partnership with **Maxima** are seeking applications from current Year 10 Aboriginal and Torres Strait Islander students who are interested in a school-based traineeship in banking.

If successful, you will be working as part of a team to meet the daily needs of NAB customers. This may include greeting and welcoming customers, serving customers face-to-face, selling to meet customer needs, assisting with day-to-day banking needs and other general enquiries.

Trainees will work one day a week in a NAB branch with the opportunity to work full-time for part of the school holidays.

School-based traineeships are a fantastic way to develop yourself. They give you paid experience in a workplace while allowing you to finish school. Many trainees go on to full time work with their host employers. Bank on success with NAB and Maxima.

To express your interest, please submit your resume and a cover letter online at:
maxima.com.au/banking-careers/nab

For more information, please contact us on 1300 669 859

- ✓ **Get paid while learning new skills**
- ✓ **Achieve a Nationally Recognised Certificate III in Business over 24 months**
- ✓ **Kick-start your career in banking and finance**
- ✓ **Receive support from NAB employees and Indigenous mentors.**

maxima.com.au

ANZ

School Based Traineeships

Customer Service Roles in Banking and Finance

**SA - Riverland South East & Fleurieu, SA North & West
(Naracoote, Millicent, Loxton, Ceduna, Jamestown)**

ANZ, in partnership with **Maxima** are seeking expressions of interest from current Year 10 Aboriginal and Torres Strait Islander students who are interested in a school-based traineeship in customer service.

The traineeship will provide opportunities to kick-start a career in banking and finance by learning banking skills and gaining formal training.

If successful, you will be working one day a week as part of a team to meet the daily requirements of ANZ bank customers. This may include greeting and welcoming customers, serving customers face-to-face, selling to meet customer needs, assisting with day-to-day banking needs and other general enquiries.

To express your interest, please submit your resume and a cover letter online at maxima.com.au/banking-careers or for more information, contact Tina Pelucchi at Maxima on 0413 755 741 .
