

Experience ECU September 2023 Program

Come join us for a day in the September school holidays!

Experience what it's like to study at Edith Cowan University. During the day, you'll be able to explore our campus, meet our academics, ask questions to our current students, find out about our courses and learn about our entry pathways. Experience what ECU has to offer – from our real-world facilities to campus life, while also attending a variety of workshops of your choice.

This program aims to give you an insight into what it's like to study at ECU, with a range of hands-on workshops and activities from Arts & Humanities, Medical & Health Sciences, and Business & Law.

The day will start with a Q&A session about entry pathways, student life, and study options. You'll get a break for morning tea and lunch as well as a chance to explore the beautiful campus (and our many cafes). Register your details to attend to go into the draw to win a pair of Apple AirPods Pro or an Instax Mini Link!

This event is for Year 9 and 10 students.
