

Empowering Families.

ENVISAGE is a FULLY FUNDED program open to parents and caregivers raising children aged 0-8 years with disability or developmental concerns.

This 5 part program has been co-designed with parents, carers, service providers, health professionals and researchers to empower families.

ENVISAGE is designed to leave you feeling empowered, connected and supported as you navigate your family journey. It is offered at a range of times and delivery models to suit you, including online and in person, and over 5, 3 or 2 days.

Each program is made up of 5 workshops and will cover all of the following themes:

“ENVISAGE will show you that the best guidebook often lives within yourself, and sometimes, all we need is a trusted framework to light the way.” - Bree, Parent NSW

1

What is health and wellbeing in early child and family development?

2

Child, sibling and family development

3

'Parenting is a dance led by the children'

4

Looking after myself so I can look after my family

5

Communication, Collaborating, Connecting

Enabling Visions and Growing Expectations

ENVISAGE Families

ENVISAGE is especially beneficial for parents and caregivers who are relatively new to parenting a child with disability or developmental concern. You can access a fully-funded place in ENVISAGE without needing a diagnosis or NDIS plan. It's an ideal program to learn more about how to best support your child's learning and development, including during everyday family activities.

As a parent/caregiver, **YOU** are the expert on your child and their biggest supporter. Having a child with disability or developmental concern might mean your parenting journey is turning out a little differently to what you expected but ENVISAGE is here to help.

ENVISAGE Families Australia is funded by the Australian Government Department of Social Services. Go to dss.gov.au for more information.

ENVISAGE includes practical tools and strategies for supporting your family, covering areas such as:

- Contemporary strengths-based frameworks for thinking about early child development.
- How to find reliable information about evidence-based early intervention.
- Connecting with other parents and caregivers.
- Building strong collaborative relationships with service providers.
