WHAT'S BEEN HAPPENING...

Hello again- Welcome to week 4 ☺

OSH Club ☺

Hello everyone.

Hope you are all in great spirits despite the circumstances that we find ourselves in. We at OSH have been thinking about you all and cannot wait to see you all once this is over.

Over the past few weeks, we have been busy coming up with a lot of new ideas for the room. The kids and I have been working hard to create a new green garden area in our space. This has been inspired by a casual educator who donated a native indigenous plant to the service during NAIDOC week. This has caused us to begin planting our own seedlings within terracotta pots which are keenly being attended to

by the children.

Hopefully, these plants survive the seedling phase and turn into something beautiful.

We have also introduced two new clubs which are the Dance Club (which will be held on Mondays), along with an Art Club (every Wednesday) and our popular MOOVOSITY club which will be every Tuesday and Thursday.

SPECIAL ANNOUNCEMENTS

A HUGE thank you must go out from everyone at Osh to the Dower family, Hayley and her family and Ms Lebrizzi. Your generous donations have been noticed by everyone and are greatly appreciated ☺

POLICY CORNER

Emergency and Risk Management Procedures:

This policy ensures us as educators to have all the information necessary to best support our incident management procedures. It gives us guidelines to follow for different situations to ensure we are compliant and knowledgeable.

It will be digital and more user friendly and bonus we will be more sustainable ☺

ACTIVITY

Grass heads

Materials:

- Put 2-3 generous tablespoons of grass seeds at the bottom of your tights. Hold the tights tight.
 - Then add a lot of earth until you have a nice sized ball. Tie the bottom of the tights.
 - Glue some googly eyes and mouth with PVA.
 - Place it on a plate and water it
- And watch it grow!
