

## **MELBOURNE CAREERS EXPO**

Continued...

The itinerary consisted of a visit to La Trobe University Bendigo campus. Students were taken on a campus tour and shown the accommodation options available in Bendigo. Student Ambassadors shared course and campus information before sharing afternoon tea with us all.

On Saturday and Sunday students and staff were exposed to varying workshops related to:

- Information about university, TAFE and training courses
- Career advice
- Study advice
- Unit 3 & 4 subject lectures
- Employment advice and opportunities
- Apprenticeship and traineeship advice
- International exchange and gap year programs to name a few
- Australian Defence Force Careers

The weekend allowed for group dinners and Gold Class cinema experience.

Student feedback was very positive and stimulated higher education and pathway research beyond secondary schooling.
