## **“Employment Opportunities with Mildura Waves: A Call to Flexibility this Summer”**

As the warmth of summer draws near, providing much-needed respite from the chill, there’s never been a better time to explore new opportunities. Mildura Waves and its surrounding pools are excited to extend a special invitation to the youth over 16 and retirees of our community. In these challenging economic times, we understand the importance of offering meaningful engagements and flexible work options, or simply more income.

This September and October, Mildura Waves is hosting comprehensive training sessions for anyone interested in becoming a **Swim Teacher** or a **Lifeguard**. This is your chance to gain nationally recognised qualifications, you can take anywhere, while ensuring our community enjoys safe and enriching swimming experiences throughout the season. And the best part? Our flexible work schedules are designed to align seamlessly with your lifestyle, whether you’re balancing school, another job, or simply looking for rewarding part-time work during retirement.

To join our courses, you’ll need to have your First Aid and CPR certifications. This ensures that all our trainees are equipped with the essential skills needed to safeguard our swimmers.
