Dear Parent/Guardian,

Viewbank College is looking forward to another great year of teaching and learning and would like to advise you of the voluntary financial contributions for 2023.

Schools provide students with free instruction to fulfil the standard curriculum requirements and we want to assure you that all contributions are voluntary. Our College is proud of the quality of our facilities and resources available for our students to enjoy, and few schools match the numerous programs we offer to cater for students' needs and interests. However, these do not come without extra cost.

Each year Viewbank College parents show positive support for the College through parent payments. This has made a huge difference to our school and the programs we can offer

This support has led to considerable improvements being carried out, especially in the areas of science, technology, numeracy, literacy and performing arts. Additional support staff have been hired to assist in these areas as well as additional resources purchased such as 3D Laser Printers, a laser cutter and audio-visual equipment. In 2023 a new school-funded building will commence which will establish the VCE Centre – a place for our senior students to study and collaborate.

The College Council seeks your support with the following contributions as **together we can make a difference** in the programs, facilities, and services provided to best support student learning.

For further information on the Department's Parent Payment Policy please see the one-page overview attached.

Yours sincerely,

Sharon Grimes  
**Principal**

Sam Ricardo  
**School Council President**

# PARENT PAYMENTS POLICY

## ONE PAGE OVERVIEW

### FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the standard curriculum requirements in Victorian Curriculum F-10, VCE and VCAL.
- Schools may invite parents to make a financial contribution to support the school.

### PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

#### Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

#### Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

#### Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

### FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

### SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
