# Come along and celebrate our mother's day breakfast!

---

Future Connect is partnering with Atherstone Exchange to co-ordinate a mother's day breakfast. This will celebrate the role mothers play in supporting their children to make decisions about pathway planning. We know that often this role is unacknowledged and unappreciated.

Further to this, the more informed women are about the options available the more effectively they can advise their children. Many members of the community are not aware of the breadth of opportunities open to young women. Both mothers and their daughters will gain from hearing the experience of women role models.

During the breakfast event, mothers and their daughters will hear from a panel of women with an array of work experience. The guests will receive small gifts and the roles of mothers will be celebrated and acknowledged.
