TTC Congratulates David Harrison on Patriot Award Honor

Congratulations to David Harrison, director, parts operations, who has been honored with the **Patriot Award** by the **Employer Support of the Guard and Reserve (ESGR)**. This award recognizes individual employer efforts made to support citizen soldiers, including flexible schedules, time off before and after deployment, caring for families and granting leaves of absence when needed. David was nominated by **Brandon Bolhous, strategic site leader, Plymouth**, who serves with the **Combat Engineer Battalion in the Marine Corps Reserve**.

(L-R: Brandon Bolhous, David Harrison, Rick Olson, Kevin Carpenter)

David was presented the Patriot Award by **ESGR Employer Support of The Guard and Reserve Outreach Director, James Finley** during a special ceremony today at TTC's Bloomington headquarters. The ceremony was attended by local employees as well as many Plymouth and ISC team members from around TTC, who joined virtually. In addition, David's family was present to see him receive this honor.

The ceremony included a welcome from nominator **Brandon Bolhous**, who shared his appreciation of David's support and flexibility during his recent deployment and ongoing Marine Corps Reserve service. David's efforts to keep Brandon engaged while deployed allowed for a seamless return to Brandon's leadership role at Plymouth upon his return. In Brandon's words, the nomination was "very easy to write." David shared a few comments upon receiving the award, including his personal commitment to support the military in his role as a citizen, and just as importantly, as an employer.

Also in attendance at the ceremony was **Kevin Carpenter, vice president, global operations and integrated supply chain**. "We take immense pride in David's well-deserved Patriot Award. His dedication to supporting National Guard and Reserve members exemplifies the values we hold strong at The Toro Company," said Kevin. "Congratulations to David on this remarkable achievement. We remain inspired by his example as we champion a culture of respect and gratitude for all."

Recognizing the sacrifices made by those serving in the National Guard and Reserve, The Toro Company is dedicated to providing a workplace that actively supports their dual role as employees and service members. David's recognition with the Patriot Award underscores The Toro Company's ongoing commitment to fostering an inclusive and supportive environment for all its employees, including those who proudly serve in the military.

Congratulations on this prestigious and well-deserved recognition, David!

Newly Designed Maxi-Rig Directional Drill Maximizes Productivity & Uptime

The new DD600 features customer-driven design and an engine strategically selected to meet evolving jobsite requirements. One of the most notable features of the new DD600 is the 755 HP Stage V/T4F/T3 CAT C18 engine that does not require diesel exhaust fluid (DEF), the only machine of its kind in this class. Robotics Grant Program

The **TTC Robotics Team Grant** is an ongoing initiative designed to support outstanding teams participating in nationally recognized robotics programs (FIRST, VEX, BEST). TTC employees must serve as a coach, mentor, or parent on the Robotics team. Open to all TTC domestic US locations. The deadline for submissions is **March 1**.

LEARN MORE

Throwback Thursday

Early in postwar 1949, the **Toro News** shared predictions for the year and current TTC President, **Kenneth E. Goit** commented on what he *really* thought would happen. How many of these came true?

1945-1950

1949 PREDICTIONS

CEDRIC ADAMS is Minneapolis' favorite newspaper columnist, and he came up the other day with some predictions by CRISWELL, whom bankers, movie stars, politicians, merchants and farmers consult for advice. He said that Criswell had been about 87% right, and as far back as 1945 had predicted that Truman would serve his current term in the White House, and that China would fall to the Red Army. The following predictions for 1949 are taken from Cedric's column -- but they are not guaranteed either by him, or by anybody here at Toro!

WHAT PEOPLE WHOM YOU KNOW will do in 1949: President Truman will weather the storms that will rage in March over the civil rights issue. Margaret Truman will appear in concert, and later in a movie; Greta Garbo will stage a comeback; Henry Wallace will make a European trip; General Eisenhower will write a sequel to his book; the Andrews Sisters will score heavily in Television; Bing Crosby will top box office records again in 1949; Uncle Tom's Cabin will be the hit picture this year; Henry Ford will make a special price announcement with Henry Kaiser in February, concerning a reduction in car prices; The New York Giants will cop the baseball pennant again, -- and Minnesota will end up in the Rose Bowl!

The cold war against Russia will cost billions and solve nothing; a mass wave of spy arrests

in February will be followed by suicides. Employment will slacken in some fields, but the armament program will take up the slack;

Taxes will increase -- strikes will abate, Wall Street will show a slow decline; Science will fathom the cause of the common cold, tooth decay, recurrent fever, and cancer. Freak weather will make 1949 one of our most violent years.

Your shoes, clothing, and millinery will be about 25% less than in 1948; Food will be down 33-1/3% -- real estate will be down 25%, and old houses about 50%; Biggest news stories for 1949 will be: Socialized Medicine -- Universal Military Training, and Unemployment.

Criswell predicts the following headlines for 1949:

STALIN DIES IN MOSCOW;
ALL LIQUOR FEDERALLY CONTROLLED;
SCANDAL IN THE FEDERAL GOVERNMENT;
ADOLPH HITLER FOUND ALIVE;
NEW SUMMER STYLES SHOCKING --
TRANSPARENT BATHING SUITS IN FASHION!

Kenneth E. Hart

SAYS:

My name isn't Criswell, and I have no intention of making any forecasts for 1949. I don't know whether Princess Elizabeth is going to have another baby, and I haven't got the slightest idea whether it's going to snow on the Fourth of July. I don't know whether Harry Truman still has his wisdom teeth -- but I hope he has, because he'll no doubt need them over the next 12 months.

But there's one thing I do know, and that is the Mills of the Goods grind slowly, but they grind exceedingly small -- and right at the moment, the Mills of the Gods are still rotating slowly, the same as they've done for the past 4000 years, and with the same results.

Judging from some of the offers which are being made to us daily, some of the companies who started up a few years ago in the lawn mower business are "wanting out" and the urge in some cases is decidedly urgent.

The best indications are that the manufacture of lawn mowers will gradually simmer down to the same old list of competitors we had in 1942, plus a very few of the newcomers who have sufficient resources to weather the present storm and gain a foothold.

Our job is the same as it has been for the past 25 years -- to build up a reasonably good line of machinery and keep on widening out our list of friends. Nothing will ever beat that combination!

eDingo 500 & Electric Ultra Buggy to be Showcased at Executive Hire Show

"We're excited to have these innovative earthmoving and material handling products onsite for landscape contractor professionals to experience firsthand," says Matt Coleman, sales manager, LCE & Siteworks, UK Direct Business Toro UK Ltd.

W-2 Form Election 'THINK BEFORE YOU PRINT'

Electronic delivery of your W-2 is the safest form of delivery. All W-2s since 2021 are or will be available to access through Workday. Electing electronic delivery of your W-2 is easy.

Electronic delivery of your W-2 is the safest form of delivery. All W-2s since 2021 are or will be available to access through Workday. Electing electronic delivery of your W-2 is easy. Follow the instructions below.

- Log into **Workday** from a computer or web browser from your mobile phone/tablet. <https://www.myworkday.com/ttc>. Note: The Workday App does not currently support tax
- From the home page click on **View All Apps**
- Click the **Pay App**
- Click **My Tax Documents** on the right side
- Click the **Edit** button
- Select **Receive electronic copy of my Year End Tax Documents**

You will receive a notification once the 2022 W-2 is available. At that time you can elect to view, download, save as, and / or print from Workday.

Reminder: TTC Scholarship Programs Accepting Applications

Two generous scholarship programs are offered for TTC employees and dependents: The Toro Company Scholarship Program and the Mike and Tami Hoffman Scholarship Program. Awards range from \$1000-\$4000. Application deadline: **February 1, 2024** at 3 PM CT.

January Sessions

Mark your calendar!

This month's topics include **employee engagement, nutrition, VHQ intranet tour** and our **IDE partnership**.

January 23 | 11 – 12PM CT
Lizzie Streit: Nutrition Facts vs Fiction

Have you been told something related to nutrition only to hear the opposite from a friend or in the news the next day? You're not alone! This session will review common nutrition misconceptions (think: are eggs good or bad?) and provide up-to-date evidence-based recommendations.

- >> [Add January 11 session to your calendar.](#)
- >> [Add January 23 session to your calendar.](#)

January 18 | 12 – 1PM CT
Employee Engagement in Action

Employee Engagement is a valuable business strategy worldwide. Asking for feedback from our employees is just one step of the journey. The most important step is putting behavior change into action. Join the Talent Development team for a deeper look into how we all influence engagement, and how to integrate engagement actions into our daily

- >> [Add January 18 session to your calendar.](#)

January 25 | 12 – 1PM CT
iDE & TTC Foundation Partnership

TTC and International Development Enterprises (iDE) have built a strong professional partnership over the past ten years. Join us to hear how that partnership began, all that we accomplished together, and where we see the future of our work impacting communities all over the world. We will be joined by various members of the iDE team, including **CEO, Welch**, along with our own **Marnie Wells, president, TTC Foundation** and **Sarah Moran, senior manager, learning and development**.

[>> Add January 25 session to your calendar.](#)

January 30 | 12 – 1PM CT
VHQ Intranet Tour

VHQ is a common space where all of TTC can come together in one place. It's a personalized experience where you can save your favorites, stay informed, connect with your pe what you need – FAST, recognize and celebrate people, explore the enterprise, and MUCH more! Join this TTC Talks to discover all of the exciting new features and functionality your virtual headquarters.

[>> Add January 30 session to your calendar.](#)

All sessions will be delivered through Microsoft Teams.

- For more information, check out the updated [TTC Talks 2024 Schedule](#) or the [TTC Talks page on SAM](#).
- Please reach out to corp.training@toro.com with questions.

Please note that at this time live sessions are only available to U.S. office employees.

Exmark Zero-Turn Mower Tire Options | Eliminate Flat Tires, Boost Performance

Understanding the impact of tires is crucial, whether you're a professional in landscape maintenance or a homeowner. Tires are not just for traction; they also significantly enhance the mower's stability, and the operator's ride experience.
