

PORT MELBOURNE TEAMKIDS NEWSLETTER

WHAT'S BEEN HAPPENING

Dear TeamKids Families,

Throughout Weeks 3 and 4, children demonstrated creativity, collaboration, confidence, and curiosity through a variety of engaging experiences.

International Day of Friendship (Rainbow Party)

To celebrate International Day of Friendship, children enjoyed a Rainbow Party where they worked together to decorate our OSHC space with colourful balloons. Children participated in collaborative balloon games, building teamwork, friendships, and positive connections.

Cooking Club

Cooking Club was a big hit! Children enjoyed making freshly squeezed orange juice using the juicer while learning about the health benefits of oranges. Children also made waffles in the morning, helping with measuring, mixing, and preparation. The waffles received overwhelmingly positive feedback from the children.

STEM Club

STEM Club encouraged curiosity and exploration through hands-on experiences. Children investigated static electricity through balloon experiments and created slime using natural materials such as leaves and sand, developing creativity, problem-solving skills, and scientific thinking.

We look forward to continuing to support children's interests and providing meaningful opportunities for learning and exploration.
