

We want to work with businesses within our school communities

Work is available maintaining our schools

School Infrastructure NSW manages a large maintenance program for more than 2,000 schools across all parts of NSW. To do this work, we are looking to engage local businesses, including Aboriginal owned businesses and people.

We want to go local

We are moving towards direct management of facilities maintenance, bringing in new facilities maintenance contractors and tradespeople to work directly under contract with us.

Why go local? We want to:

- be more responsive to maintenance issues reported by schools.
- ensure we are working with local trades and spending our money in our local communities.
- provide better working conditions for local tradespeople, including faster payment terms.

Opportunities for Aboriginal businesses

In addition to increasing our engagement of local contractors, we are also seeking to grow the number of local Aboriginal businesses we work with and increase employment opportunities for Aboriginal employees, apprentices and trainees.

We have Aboriginal Senior Program Officers who are able to help Aboriginal businesses, and local contractors who already employ or are looking to employ Aboriginal employees, apprentices, and trainees.
