

GRANGE PRIMARY SCHOOL

Class placement 2019
17/09/2018

Dear parents and caregivers of students returning to Grange Primary School in 2019,

Each year Grange Primary School staff take great care making the best possible decisions for class placements in the following year. Many hours of discussion is undertaken based upon information about student achievement, emotional and behavioural considerations to enable us to determine balanced class groups with the best learning opportunities for all students.

We also ask students for information about students they feel they would be able to work best with, which may or may not be all their friendship group.

The staff have decided to not use an electronic placement process that is used in some other schools to place students in classes, but to use the extensive knowledge of school leaders, support staff, classroom and specialist teachers to determine 2019 class placements.

To assist this process, if there are other considerations that your child's teacher is unaware of can you let us know below and return it to the school by the start of term 4, 16/10/2018 in hard copy or email grant.small566@schools.sa.edu.au Information provided after this cut off date cannot be considered. This will then assist year level teams and leadership staff to make the best possible placement for your child in 2019.

Several classroom teaching positions are at this stage unfilled for 2019 and may not be known until late in the year. Some teachers may also be changing year level, so therefore please do not list names of classroom teachers.

Thanks Grant
