

What's been happening...

We did it!

Hello to our families and children!

Are we all excited for the upcoming school break? I hope you all have a fantastic time away! It has been a full-on year, after 2 years of on and off work and school and I think that we are all feeling it at this point :D

These past 2 weeks we have continued working on our goal and explored 3 different countries and their culture. We continued with a visit to Korea where we made the famous game Ddakji and Korean fans. We then moved on to Zimbabwe where we made Fatcooks, thank you to the Ruzvidzo family for sharing the recipe with us. We made traditional necklaces and had a turn at basket weaving. We had Farisai, Matthew's and Ariel's mum share some Information about their homeland and how similar they are to our country. The children were so interested and engaged well in all the activities planned.

School Holidays are coming up fast. Please don't delay your bookings as spots are filling up fast and we need to organise staff. Notice period for bookings is 7 days during the school holidays and late booking fees apply.

See you all soon, have a great day :)

Community Projects

Family & Community Engagement

For this Term are organising to collaborate with St. Vinnies and do a big cookout to support the people in our community without a home.

This is a project we also did last year, and they were so grateful for our help.

We are also setting up a community pantry. Please, If you have a surplus of canned food, pasta, rice or other goods you can donate, we will be happy to have them. At the end of the Term Items will be donated to St. Matthews church to go towards Matt's Place.
