Career Education Program - St Andrews Christian College

St Andrews Career Education Program has been developed to prepare our students for the future, whether it might be work or further studies.

Discovering who you are and what you are good at is the foundation to building a successful career. Through opportunities both in and outside the classroom our students learn to understand what work is, how and why it is changing and what this means for their future.

Our Career Education Program helps students explore the diversity of study and work opportunities and build their aspirations. Through exposure to work-related learning, our students develop the self-knowledge, contemporary work skills, entrepreneurial behaviours and resilience necessary to thrive in the 21st century.

St Andrew's Careers Newsletters provide students and their parents with information about all upcoming career-related events and are available to students on 'Canvas' and are emailed to all Senior School parents.

St Andrews Career Education Program Term 2

Moral Fairground's *Leaders of Change School Program*

25 St Andrews Year 10 students have signed up to participate in this program.

After assessing our application and learning objectives, **Pollinate Energy** has been nominated as our Social Enterprise Partner.

We bring life-changing products to people who need them most: the millions living in poverty in India's urban slums.

<https://pollinateenergy.org/>

Leaders of Change School Program is a social entrepreneurial education program designed to give students the opportunity to be free thinkers and use their innovative ideas to help come up with a solution for a Social Enterprise Partner.

Students will be handed a challenge, a real-life **Pollinate Energy** scenario, to work on in teams and come up with ideas to help solve it.

Students will be marked on the completion of their course work and marks will be awarded for effort, organisation, persistence and creativity. The group with the best work will be invited to speak at the Student Fair Trade Conference in August.

RACV *Secondary School Road Safety Program*

RACV Safe Mates is an opportunity for young people to have their say about road safety and to help their peers stay safe on the roads.

A team of Year 10 St Andrews students **Danica, Fiorella, Nicole, Jerry and Kevin** have started to work through the steps for their entry:

- Select a road safety topic and investigate its impact on young people
- Research effective social media campaigns and gather evidence to support the development and presentation of their road safety message
- Create a series of road safety messages to communicate safe and responsible use and attitudes to their peers.

Safe Mates RACV program gives students an opportunity to investigate road safety in Victoria and empowers them to become part of the solution.

Eastern College Australia

The School of Arts and Social Sciences
School of Education
School of Theology.

<https://www.eastern.edu.au/>

The goal of the **School of Arts and Social Sciences** is to provide a broad, flexible education. It includes opportunities for students to develop broad philosophical and theoretical frameworks. It helps provide a base on which to develop task-specific skills and outcomes.

Undergraduate: Diploma of Arts (HE); Associate in Arts; Bachelor of Arts

Graduate courses: Graduate Certificate in Arts; Graduate Diploma in Arts; Master of Community Counselling; Master of Transformational Development

Theology courses provide in-depth understanding for handling Scripture and deepening spiritual life. All our courses introduce you to studies of Scripture and Christian truth, an overview of history and ethics in the light of their history and social context and much more.

Undergraduate: Diploma of Theology (HE); Associate Degree in Theology; Bachelor of Theology

Graduate courses: Graduate Certificate in Arts; Graduate Diploma in Arts; Master of Arts in Vocational Practice; Master of Practical Theology; Master of Transformational Development

What can I do with an Arts Degree?

There is often the debate about the value of an Arts Degree and what kind of role an Arts Graduate could find in industry. The list of roles is quite varied, and includes -

- Teaching & educational administration
- International aid and trade agencies
- Arts production and management
- Public service and social welfare agencies
- General management and administration (local and global)
- Communications industry, publishing, media and public relations
- Tourism and hospitality

One of the very important things for students to note, is that an Arts' student learns skills that are very transferrable in industry. These include **communication skills, critical thinking and reading skills, analytical skills, and research skills** – browse [Career FAQs - What to do with your Arts Degree](#) to learn more!
