

Parent and Student Guide

STEP 1: Your Student Account

1. Enter your First Name and Last Name
2. You will be issued a SCHOOL ID, USER ID and PASSWORD
3. Write this down on your card

MY MANGAHIGH LOGIN:

SCHOOL ID: _____

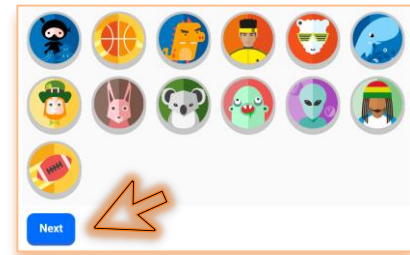

USER ID: _____

PASSWORD: _____

www.mangahigh.com/login

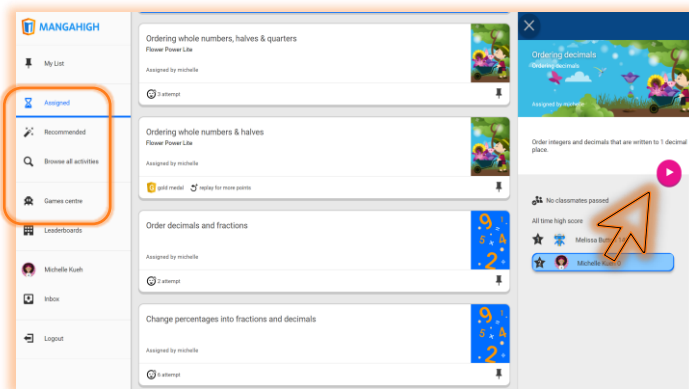

STEP 2: Personalise Mangahigh

Enter your age, and select your Avatar, then click on 'Next' to confirm. This will help Mangahigh recommend personalised activities for you.

STEP 3: Start completing activities on Mangahigh

- **ASSIGNED** – teacher set activities
- **RECOMMENDED** – these are personalised, just for you!
- **BROWSE** – extra curriculum activities for revision
- **GAMES** – extra games to practise your maths skills

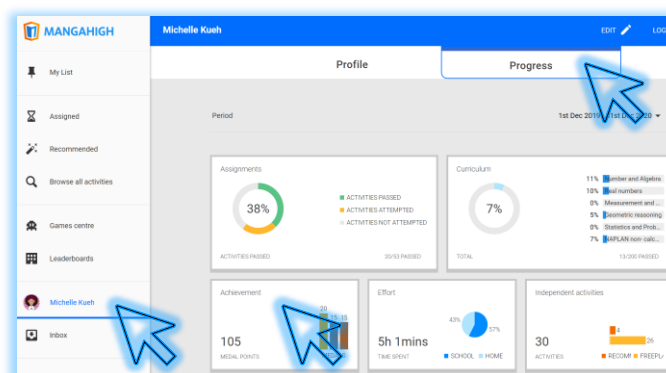

Earn a medal when you pass to add medal points to your tally

STEP 4: Track your progress

1. Click on **your name** from the left panel
2. Click on the **Progress** tab on top
3. Achievement report shows your medal tally
4. Explore other reports and complete more activities to improve your score

There are two types of activities on Mangahigh

PRODIGI is a quiz where questions get harder as you answer them correctly. These help you think deeper about the maths that you are learning. You can find Prodigy under 'assigned' or 'recommended' on your Mangahigh page. These have a blue logo.

GAMES help you practise and consolidate your learning. These are also adaptive as the questions in-game get harder as you move up the game levels. Sometimes it can take you several attempts to pass the game! So figure out the game mechanic and don't give up!

Compare fractions that have the same denominator

Assigned by michelle

NEW! **B** bronze medal replay for more points

Ordering general fractions

Flower Power

Assigned by michelle

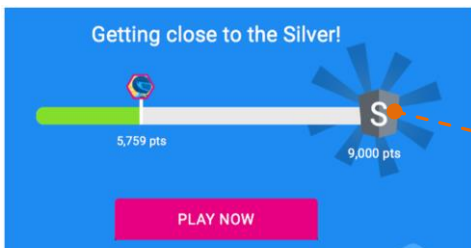

13 attempt

RULES TO SUCCEED IN PRODIGI:

- Each 'round' consists of 10 questions.
- The first level is 'EASY'. Answer 3 questions in a row correct to move up to MEDIUM, then HARD, then EXTREME.
- Attempt each quiz 3+ times! Each re-attempt gives you a new set of questions. Questions will re-start at the level you finished at in your last attempt.
- Click to review any incorrect answers from the summary screen, before attempting again.
Using mistakes to help you grow!
- Answer 3+ Hard questions correctly, earn 4200+ points to pass (earn a Bronze medal).

RULES TO SUCCEED WITH GAMES:

- In general, games may be harder to pass
- In some games, you can find a '?' which reveals game-based maths tutorials
- In-game help and tutorials are carefully scaffolded to guide you through the games progressively
- Aim to get really good at one game, before starting another

Review your answers:

- | | |
|------------|--------------|
| 1 - Easy | 6 - Medium |
| 2 - Easy | 7 - Hard |
| 3 - Easy | 8 - Hard |
| 4 - Medium | 9 - Hard |
| 5 - Medium | 10 - Extreme |

X means NO medal

Answered less than 3 HARD questions correct. Only answered EASY/MEDIUM questions.
Get 1-4199 points

B means BRONZE medal

Answer 4+ more HARD questions correct
