Traffic flow around Wheelers Hill Primary School – Threadbow Crescent, Wheelers Hill

Dear Parents,

We're asking for your assistance in streamlining the traffic circulation along Threadbow Crescent, around Wheelers Hill Primary School, when dropping-off and picking-up your children from school.

At these times, when the streets are very busy, two-way traffic is not workable. The congestion can be unsafe for young pedestrians and frustrating for drivers. U-turn movements and inappropriate parking are obstructing traffic and property access.

To help improve traffic conditions around the school, we kindly ask that you:

- approach the school gate **ONLY** from the south, travelling in a northbound direction, and exit via Lum Road
- do not make U-turns
- do not block or use property driveways
- do not double park or block other cars along Threadbow Crescent for drop-off and pick-up
- comply with all parking restrictions, including Permit Zone and No Stopping areas, during peak times
- drive slowly and watch out for pedestrians.

Please refer to the diagrams on the other side of this letter for further guidance.

Council officers will be patrolling these streets and issuing Penalty Infringement Notices to any vehicles that are not following the parking restrictions.

We thank you for your cooperation with driving considerately and safely.

Please feel free to contact Wayne Xu on 9518 3228 if you have any queries regarding this matter.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Terry Tillotson'.
