Golf Course Redevelopment update

Dear Parents and Caregivers,

We have received communication from the Marangaroo Golf Course that they are moving to the next phase of their redevelopment project in October. Effective from 5 October, some portion of the existing golf course car park, abutting the school boundary, is to become a restricted access construction site. Unfortunately, this means that we have been informed that the boundary gate between the Golf Course and the School will **NOT** be accessible and will remain locked at all times.

We appreciate that this is a significant inconvenience for many families that utilise the Golf Course car park for direct access to the school. However, we ask that all families comply with the City of Wanneroo and Marangaroo Golf Course request to avoid the restricted area for the safety of students, families, and construction workers.

The school will continue to engage with the City of Wanneroo and the Marangaroo Golf Course to monitor the progress of the construction, and we will keep the school community informed throughout the process if the current gate becomes accessible or if an alternative is made available.

During this period, we ask families to respect our neighbours on Giralt Rd, Addington Way, and Aylesford Drive by **NOT** parking in driveways and on residential verges. We remind families that the staff carpark is **NOT** to be used by parents for dropping off or picking up students.

We **DO** encourage that where possible parents utilise the horseshoe kiss and ride for drop off and pick up.
If you need to park, limited street parking is available on Addington Way and street parking on the golf course side of Aylesford Drive is also permissible.

Thank you for your co-operation.

Yours sincerely

ABoardman
