

# Rocky River Public School

## Project update | July 2025

### Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2025-26 Budget is delivering \$2.1 billion for new and upgraded schools in regional NSW. This targeted investment will ensure growing communities get access to a world class public education.

### Project overview

We are providing an update on the Building A replacement project at Rocky River Public School following the design phase of the project we updated the community on in [February 2025](#).

The new building will contain:

- 3 classrooms
- 2 withdrawal areas
- 1 administration office
- Principal's office
- staffroom, kitchen and amenities
- courtyard with shade sail.

### Progress update

The design consultant MCA Architects, with input from school leadership, has confirmed the design of the new Building A. Artist impressions of what the new building is expected to look like can be seen below and on the next page.

The department is undertaking the required planning and environmental approvals for the existing building to be demolished. It is expected that the demolition work will be finished in Term 4 2025.

## Next steps

Following the completion of the required approvals, the department will begin the tender process to appoint a contractor to demolish the current building.

Once the existing building has been demolished, a second procurement process will start to appoint a construction contractor to build the new Building A. Once this process has taken place, we will be able to share an expected completion date of the new building with the community. It is expected that construction will begin in the first half of 2026.

## Timeline

The health, safety, and wellbeing of all members of our school and the local community are our highest priority. We will keep you updated. If you have any questions about this project, please contact us on 1300 482 651 or [schoolinfrastructure@det.nsw.edu.au](mailto:schoolinfrastructure@det.nsw.edu.au). Please note our community phone and email are staffed Monday to Friday, 9 am to 5 pm.

Thank you for your cooperation during this important work.
