Feedback	<p>Environmental Sustainability Working Group Committee</p> <ul style="list-style-type: none"> – The sushi packaging is 100% home compostable and biodegradable! <p><i>Hi Andrew</i> <i>Happy 2021 to you too! We certainly are pleased it is shaping up to be much better than 2020!</i> <i>Good news for your FPS Action Team....the Sushi isn't in Plastic! It's in 100% HOME Compostable /Biodegradable bags - a product called Natureflex! We've written about it on our Website...and have been using it since the beginning of last year.</i> <i>It's particularly fabulous as it's Home compostable ...unlike most of the so called 'enviro' packaging options we have in Australia at the moment which are 'commercially' compostable - and as I'm sure your team know we are sorely lacking commercial compost facilities.</i> <i>Thanks again for being in touch ...I'm very happy to share our progress in this area with you!</i> <i>Kind regards</i> <i>Geraldine</i> <i>Classroom Cuisine</i></p> <ul style="list-style-type: none"> – We are working on having a tap installed in the new landscaped garden so we can water the new plants. – Will bring the idea of a Nude Food Day every Thursday to the next Environmental Sustainability Working Group Committee meeting agenda. – Reusable library book covers are available, SVT may like to consider referring to these in any proposals written. <p>Paul</p> <ul style="list-style-type: none"> – Any fundraising activities can be written down as a proposal and forwarded to me for consideration. 	
New Items	<p>Students are playing in the out of bounds areas at break times (behind the year 3/4 building)</p> <ul style="list-style-type: none"> – Should there be a gate put up? – How can we teach them to respect the yard/rules? – Could we recognise students showing respect with an award? – We could put up posters to remind students how to treat our yard/rules with respect. – We could have posters for other things too, like to remind people to only use a little bit of soap in the toilets instead of pumping too much. <p>Could there be times that only F-2 students use the basketball court?</p> <ul style="list-style-type: none"> – The big kids use it all the time and it gets so crowded we can't use it. – Could the big kids playground be for all ages? – Could we have a cubby or a greenhouse? 	<p>Year 5/6 SVT representatives to create respect posters to be brought to next SVT meeting.</p> <p>Sarah to discuss respect awards with staff at next staff meeting</p> <p>Sarah will speak to Paul about these suggestions.</p>
