

# GIRL EMPOWERMENT school workshops

2018

21<sup>st</sup> September – Inverell Public School

Danielle Miller CEO and Co-Founder of multi award winning business, Enlighten Education, author of numerous books, TV presenter and Australian of the Year nominee, is coming to Inverell to conduct a workshop for teen girls in years 7-10 on Friday September 21<sup>st</sup>. Female students from across our region are invited to participate in these workshops to be held at the Inverell Public School.

*Dannielle Miller is a thought leader and expert in fostering resilience in teens.*

Enlighten Education is Australia's leading provider of in-school workshops for teen girls on body image, self-esteem and empowerment. Enlighten was founded in 2003 and works with more than 20,000 girls each year across Australia, New Zealand, Singapore and Malaysia.

Enlighten Education's programs help teenage girls decode the mixed messages they receive and help them develop self-esteem and confidence. Enlighten encourages girls to reach their own conclusions and to know their own minds, rather than telling girls what to do, focus on informing, inspiring and empowering them. The workshop encourages girls to be discerning consumers and critical thinkers and to find their own voice and power in a complex world.

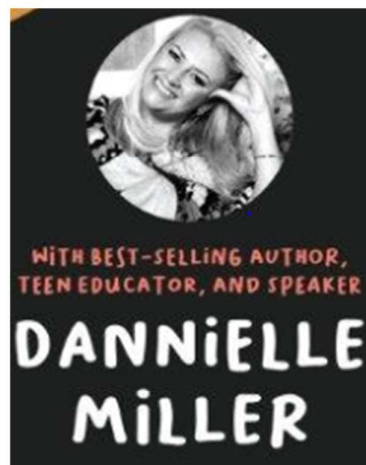

These workshops are hosted by the Country Women's Association (CWA) Inverell Branch and the Department of Education with generous donations from the Inverell community. The CWA is also holding a High Tea event for the community on September 22<sup>nd</sup> at the Inverell Club with Danielle as the guest speaker. Tickets are available from the Inverell Tourist Information centre and you can call Pam on 0401 214 744 for more information.

**The cost of the workshop is \$5 per student.** The cost has been heavily subsidised (normally \$35 per student) by our generous community donations to ensure as many female students can attend.

Student permission notes and session details will be sent home in the coming weeks.

Inverell CWA,  
Department of  
Education and the  
Inverell Community,

*proudly presents*

*"Dannielle Miller is the best girls' educator and advocate in the country. Her advice is always wise, well-researched, and empowering. Frankly, her in-school programs and workshops are life-changing. I cannot recommend her work more highly."*

TRACEY SPICER, JOURNALIST  
AND AUTHOR

*"Rather than encourage girls to attempt to avoid pain through making themselves meek and ultra-cautious, Danni encourages them to confront the hard stuff and stomp all over it. She doesn't just want girls to be okay – she wants them to be magnificent"*
