

Learning for LIFE.

What's on. Term Three 2025

This program is part of the Set Up for Success initiative, a **free** early years program promoting a love for learning for both young children (Birth -5) and their families.

Learning for Life is run out of our Early Learning Centre (ELC) on Nelson Road every Monday from 9.15am to 10.15am.

Our experienced Early Years staff develop weekly programs to meet the needs of children, inspired by Christian values. Each week our Learning for Life sessions support the holistic development of individual children with a variety of play-based educational activities.

As part of the learning experience, children must attend sessions with a parent or carer who are responsible for their children at all times.

Attending these weekly sessions is a great opportunity to get to know our College and meet some early childhood trained staff in a nurturing environment. It also gives parents and carers the chance to connect with other families and encourages social skill development in your child.

We look forward to welcoming you into our Mount Carmel College community.

Please register via our website before your first visit or contact us for more information.
