

// GEORGE MANIOUDAKIS — ARTIST BIO

Hello, my name is George Manioudakis and I am a professional artist based in Melbourne. In 2022 I successfully completed a Bachelor of Fine Arts at VCA, majoring in painting. I obtained a variety of skills in traditional art practices, photography, casting, screen printing and academic research and writing.

Between 2010 to 2022, I joined the Blender Studios where I developed my own diligent art practice exploring a wide range of materials and techniques. I spearheaded, managed and operated a number of community art events, gaining project management, administrative, and budgeting skills.

I have performed countless art workshops, managed weekly art markets while overseeing and curating a number of events from dance shows, projection art, sculpture and more conventional style exhibitions. This afforded me the experience to foster partnerships and build links between different organisations and councils.

I have travelled extensively throughout Europe, South East Asia, Central America and Africa which has all fueled my passion as an artist.

I have painted and delivered a number of art murals in rural and urban settings both publicly and privately.
