

**THE LEADER IN THE PROVISION  
OF SPORTS AND PHYSICAL  
EDUCATION PROGRAMS**

[www.kellysports.com.au](http://www.kellysports.com.au)

# Introduction & Overview

**Life Long Love Of Sports** is our motto and best explains our commitment to developing active sports programs that provide children with the opportunity to build fundamental sports skills.

In partnerships with state and private schools we have assisted thousands of Australian children to increase self-esteem and learn the joy that can come with activity.

With many years' experience working in schools we understand the dynamic nature of school communities. We know what schools require and our programs are designed to cater for those requirements.

Our experienced and trained Managers provide personal service to PE teachers and Principals to ensure that specific needs and requirements of each school community are met.

**Kelly Sports can provide the following services for your school:**

- In school PE and sports programs
- Before/After and lunchtime sports clinics
- Pre-School activity programs
- Holiday care programs and incursions
- Children's events and corporate activities

## Primary School Programs

### BEFORE SCHOOL, LUNCHTIME AND AFTER SCHOOL SPORTS CLINICS.

Our school clinics cater for children who attend the school.

**NO COST FOR THE SCHOOL, NO ADMINISTRATION - KELLY SPORTS DOES EVERYTHING!**

- All clinics run for one hour and are conducted on school premises.
- Kelly Sports provides all equipment.
- All staff are rigorously screened and trained in all aspects of program operation and follow the rules and policies of the school.
- We offer children positive, skill based learning in an enjoyable and safe environment.
- Our motto of **Life Long Love Of Sports** ensures children learn the skills and develop self-esteem.
- We offer free clinics for new schools.

### HOLIDAY PROGRAMS

Kelly Sports can design, staff and program a holiday program for your school's vacation care needs. These programs can be half or full days. Before and after care is optional.

All holiday programs are sports based but can include other activities such as drama and art and craft. This allows the individual differences of children to be readily catered for whilst also ensuring a variety of active and passive activities are provided.

### GET KELLY SPORTS IN YOUR SCHOOL CURRICULUM!

#### Fitness Training

Individual, fitness testing for classes to ascertain children's fitness levels. Includes many fun activities to increase each child's motivation to improve and understand their fitness.

#### Specific Sports Clinics

Specific sports clinics to develop skills and learn from experts where children move to different sports for designated coaching sessions. An effective strategy to assist your children prepare for inter school sports competitions.

#### Sports Extravaganzas/Sports Day

Tabloid style team events where children work cooperatively through a series of fun activities. It is a fantastic way to celebrate end of term or a completed curriculum theme.

#### Team Building Games

Multi activity days which combine fun, sports, initiative games and learning through games. Tabloid events incorporating energetic activities for positive group interaction.

**Gymnastics, Perpetual Motor Program and Ball Skills intensives are also popular choices for schools**

**Dance and movement, Circus Skills, Coach and Umpire recruitment**

**Kelly Sports can tailor a program to suit your school!**

# Pre-school And Kindergarten Programs

Our professional and experienced leadership team understands the importance of structured play for pre-school children. Our activities are designed to focus on the motor development and coordination skills in young children.

Exploration of concepts such as over/under, big/small, in/out, front/back and left/right are continually reinforced to build spatial awareness and utilise each child's imagination.

To maximise learning and skill acquisition, activities are designed to be conducted in small groups. We suggest a coach ratio of 1:8. Pre-school staff are also encouraged to participate.

Each program is activity based to enhance the skills of catching, throwing, bouncing, rolling, running hopping and skipping. By acquiring these skills as well as developing general spatial relations and coordination, children are learning all the basic skills required for most sports

Kelly sports has designed a program specific to the needs of your children and timetable. If required or preferred Kelly Sports is able to tailor a program specifically to your requirements.

- Kelly Sports will arrange programs to suit your timetable
- Kelly Sports will provide all equipment
- Kelly Sports will engage experienced and trained staff and coaches
- To contact your local Kelly Sports Manager check out the Kelly Sports website

## HOLIDAY CARE INCURSIONS

To help manage costs and enable program flexibility Kelly Sports can come to you and conduct incursions.

Kelly Sports can provide skilled and trained staff to visit your holiday program to conduct multi sports clinic. Tabloid style activities and sports competitions and games.

Kelly Sports currently provides these services to many school and council after care and Holiday care facilities.

## KELLY SPORTS ALSO OFFER:
