ICAS University Competitions

Students in Years 3-6 are invited to participate in the ICAS "University Competitions" in Science, English and Mathematics. While participation is optional, the assessments give students the opportunity to challenge themselves in a pressure-free setting. All students who participate will receive a certificate of participation and a detailed report explaining how they scored on each section of the paper. Students can choose to take part in one, two or all of the assessments.

As the tests are all conducted digitally, the assessment can only be undertaken on the date specified. Please carefully check the dates below to ensure that your child will be present before returning the form.

Science	20/08/2020
English	26/08/2020
Mathematics	02/09/2020

There has been a significant increase in the entry fee this year. Burke Ward will cover this difference to ensure that all students who wish to take part are able to. For that reason, the entrance fee per competition will be \$10, which will differ from the information displayed on the ICAS website.

Payment can be made online via the Burke Ward website, in person at the front office or by sending the money with your child in a clearly marked envelope no later than 9th April 2020.

If you have any queries, please do not hesitate to contact me.
