

# Litter Buzz

An SWPBL Leaders Project

Focussed upon reducing single-use plastics in our school lunchboxes

# What are we wanting to learn/achieve?

- ▶ As SWPBL Leaders:
  - ▶ We want to find out how much single-use plastic is in the lunchboxes of our school
  - ▶ We want to educate students as to how we can reduce the use of single-use plastics

# What are we wanting to learn/achieve?

- ▶ As SWPBL Leaders:
  - ▶ We will offer students an alternative to single-use plastic by making and selling customised beeswax-wraps
  - ▶ Any profits from the sales of the beeswax wraps will go to local environmental groups, such as **The Playtypus Education Group** and **The Friends of Glenfern Valley Bushland Group**.

# What type of wraps will be available?

- ▶ As SWPBL Leaders we will be conducting surveys to find out the types of 'customisable wraps' that students would be interested to buy.
- ▶ Prototypes are being made this weekend to show students what's available and to confirm pricing.
- ▶ ***YOU CAN CHOOSE YOUR DESIGN!!!***

# What do we need from your class?

- ▶ Next week your classroom teacher will be conducting a survey (with the help of your class JSC) to find out:
  - ▶ How many single-use plastics your class uses for each recess and lunch?
  - ▶ How many people use beeswax wraps?
  - ▶ How many people have a reusable container?
  - ▶ How many pieces of food waste could go in a compost bin?
- ▶ We would also like to find out how many people would be interested in buying a beeswax wrap.
- ▶ These will be recorded on the following slides.

# Single-use plastics in Class XX?

Day	Recess	Lunch	Total
<b>Weekday...</b>	Single-use plastics =	Single-use plastics =	Single-use plastics =
<b>Mon</b>	Reusable container =	Reusable container =	Reusable container =
<b>Tue</b>			
<b>Wed</b>			
<b>Thu</b>	Beeswax wraps =	Beeswax wraps =	Beeswax wraps =
<b>Fri</b>	Compostable food waste =	Compostable food waste =	Compostable food waste =
